WEST WARREN-WARREN WATER IMPROVEMENT DISTRICT

5783 W 950 N

WARREN, UTAH 84404

801-731-1702

www.westwarrenwtr@gmail.com

September 19, 2016

On Behalf of Barrow Land and Livestock, LLC

Concerning: Request for culinary water for phase 1 of the proposed Vaquero Sub Division, located at 6835 W 900 S in West Warren, Utah, un-incorporated Weber County.

To Whom It May Concern:

The West Warren and Warren Water Improvement District will supply culinary water to the above mentioned subdivision contingent upon the following requirements.

All materials for the proposed water line, including fire hydrants will meet the specifications and criteria standards of the above mentioned water improvement district.

Water district personnel will inspect and approve all construction and materials as they are being installed.

All water meters will be installed by or under the direction of the water district.

All individual connection and impact fees will be paid to the district prior to construction of each residence in the subdivision.

Proof of secondary water and the secondary water system will be installed prior to the beginning of the residential homes.

The water district will prepare a Project Notification Form for the state and report any contingencies or further requirements at that level.

Further requirements and contingencies may be added if deemed necessary to insure that the quality we require of our district will be maintained.

Sincerely,

Randy Giordano
Chairman of the Board

Copy: Water District Board of Directors

September 19, 2016

Water capacity for the West Warren and Warren Water Improvement District.

The district owns 500 acre feet of water, with Weber Basin Water as the supplier.

The district has a 1,000,000 gallon storage capacity.

During the year of 2015, the district used 328 acre feet of the 500 acre feet owned.

**Should you have questions or comments, please contact Connie Judkins, district clerk
At the above listed phone number.**

**Thank You,
Connie S. Judkins
District Clerk**

WARREN IRRIGATION COMPANY

November 3, 2016
Dean Barrow
6797 W. 900 S.
Ogden UT 84404

RE: Warren Irrigation Point of Diversion.

Dear Dean:

This letter is to verify the two points of diversion from the Warren Irrigation Canal that can be used to supply water to the Vaquero Village Subdivision Serial # 100360065

Dean Barrow has Water Shares in Warren Irrigation Company and would have to transfer 8 shares (24 acre feet of water per year from April 1st to October 31st.) to the subdivision to use as secondary water per Weber County requirements.

Water would be supplied from either the Davis or Reese Ditch. All yearly assessments for water shares would be payable by the owner of the water shares. Any permits to store water will be the responsibility of the Subdivision and done in accordance with Weber County and Utah State Water resources requirements.

Sincerely,

Gary Nielsen

President

Warren Irrigation Company

Cc: Jef Hales Secretary
