## Submittal Checklist

- The application shall include a Storm Water Pollution Prevention Plan which meets the criteria set forth in Section 40-3-4 of the county ordinances.

The applicant shall file the application on or before the following dates:

**Subdivision:** The date that the applicant submits the preliminary subdivision development plat application.

**Site Plan:** The date that the applicant submits a site plan application or amended site plan.

**Building Permit:** The date that the applicant submits a building permit application if the applicant proposes to construct a building on an existing lot or parcel.

**Land Use Permit:** The date that the applicant submits a land use permit application.

**Other:** At least two (2) weeks before the developer intends to perform any type of work not listed above that would require a Storm Water Construction Activity Permit pursuant to this Chapter.

Failure to acquire a required Storm Water Construction Activity Permit is grounds for tabling a related subdivision application, site plan application, conditional use permit application, or building permit application. It is unlawful to commence work (move dirt) on a development site before obtaining a required Storm Water Construction Activity Permit.

Note: A pre-construction meeting is required before performing any on-site earth work, unless waived by the county engineer.

## Applicant Narrative

Please explain your request.

This project involves re-design of the visitor parking lot, truck access entrance, and the addition of a bike/walking trail. Included in the submittal are a proposed future building addition and bike trail. The re-design focuses on adding greenspace within the visitor parking lot and providing a more pedestrian friendly drop off and walkways. Semi traffic is routed to its own entrance now split off from the visitor entrance. Impervious surface is being created for this project so a review and report were provided for the existing stormwater management on-site facilities to determine whether they could accommodate the improvements. Interior parking lot greenspace is added however the parking lot size increased and a bike/walking trail was added. Report is included in this submittal.

## Authorization

By signing below the Owner / Representative authorizes the county to enter the property to perform inspections.
