To Whom It May Concern:

Re: Reflections Subdivision
Parcel # 20-002-0081

Eden Water Works has approved the above subdivision based on the revised plans date June 9, 2016, including running a new 8" line down 1900 North from 5500 E to 5700 E. Also, a locator wire must be installed along with the water line and brought to surface at every fire hydrant for future locating. All requirements will be met as per the updated plan. Eden Water Works will need to be contacted prior to any construction of any of the water line and will need to perform inspections during installation. A fee will be charged to the Contractor or Developer for these inspections.

If you have any questions or need further information you may contact me @ 801-430-2695.

Sincerely,

A handwritten signature in cursive script that reads "Thom Summers". The signature is written in black ink and is positioned below the word "Sincerely,".
