### Comments

1. All site improvements including the location of the multifamily/townhome and the final grading/landscaping of the site shall strictly adhere to the recommendations outlined in the Geologic Hazards Assessment Report from IGES Project No. 01628-010 dated July 15, 2016 and the attached HSR 2016-14 approval.
2. It is recommended that IGES is present during the excavation of the home site to evaluate the site specific soil conditions which will allow IGES to make any necessary modifications to the recommendations outlined in the report if differing conditions are encountered during excavation.
3. Prior to receiving the final occupancy, a Natural Hazards Notice (to be provided by Weber County) must be signed and recorded with the Weber County Recorder's office per LUC108-22-4

# Land Use Permit

## Structure Setback Graphic: New Dwelling, Addition, Etc.
