NARRATIVE

The purpose of this survey was to subdivide, establish and set the property corners of the parcels as shown and described hereon. The survey was ordered by Bret Harper. The Right-of-Way for 4100 West Street was established by surveyed observations in the field of the existing centerline of 4100 West Street and offsetting 33.00 feet east and 33.00 feet west. There was a 10.00 foot error of closure in the deed for the subject property. The north line of the subject property fits an existing fence line if the error of 10.00 feet is added to the second call changing the distance from 236.00' to 246.00'. There is a ±12.00 foot gap in the deeds along the south boundary of the Subject Property Tax ID No. 15-059-0019 after adding 10.00 feet to the second call in the deed. The fence lines both north and south of the subject property fall in harmony with adjoining deed descriptions. The boundary for the subject property is controlled by the following: The East line of the "stem" is the West line of Property Tax ID No. 15-059-0039, the North boundary is the South line of Property Tax ID No. 15-059-0039 and fits an existing fence line, the East boundary is the West Right-of-Way line of 4100 West Street, the South boundary is an existing fence line which falls in harmony with the North line of Property Tax ID No. 15-059-0018 and the West boundary is the East line of Property Tax ID No. 15-059-0031. The control used to establish the property corners was the existing Weber County Survey Monumentation surrounding Section 21, T6N, R2W, SL&M. The basis of bearing is the West line of the Northwest Quarter of said Section which bears South 0°50'21" West, Utah North, State Plane, Calculated N.A.D.83 Bearing.
