Hi Brandon.

Thanks for the time to speak with me today. Regarding your comments on my parcel, I'm aware of the requirements that you listed. As we discussed I will make sure that the fire suppression, hydrant, and turnarounds will all be addressed with the building permit application. I also believe that we were able to meet the 10% road requirement as well as the clear space for the driveway. If you need anything further from me at this moment please let me know, and thanks again for all your help with this project.
