and/or Local Sediment and Erosion Plans and Requirements. Y N X  (A pollution prevention plan is required to be on hand before submittal of the NOL)					
Project Start Date: 09/01/2017					
Project End Date: 09/01/2018					
Enter the best e-mail address to contact the permittee; bruce@bluewillowbuilders.com					
IN CERTIFICATION, I and Company to the second secon					
IX.CERTIFICATION: I certify under penalty of law that I have read and understand the Part 1 eligibility requirements for coverage under the general permit for storm water discharges from construction activities. I further certify that to the best of my knowledge,					
all discharges and BMPs that have been scheduled and detailed in a storm water pollution prevention plan will satisfy requirements					
this permit. I understand that continued coverage under this storm water general permit is contingent upon maintaining eligibility as					
provided for in Part 1.					
I also certify under penalty of law that this document and all attachments were prepared under the direction or supervision of those					
who have placed their signature(s) below, in accordance with a system designed to assure that qualified personnel properly gather as evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly					
responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and					
complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
