NARRATIVE

The purpose of this survey is to create a three (3) lot subdivision as shown.

Documents used or reviewed in this survey are, but not limited to, the following:

- Weber County Tax Plot 22-023 & 22-014.
- Deeds of record as found in the Weber County Recorder's office for parcels 22-023-0028, 22-023-0029, 22-023-0030, 22-023-0032, 22-023-0033, 22-023-0054, 22-023-0158, 22-023-0159, 22-025-0003
- Subdivision Plots for Spring Creek Ranches and Kodel Subdivision as found in the Weber County Recorder's office.
- Unrecorded Subdivision Spring Mountain Subdivision No. 1, by Great Basin Mapping & Surveying Co., dated April 1967.
- Boundary Line Agreement Entry Nos. 1512680 & 1512684 & 1512683 of Weber County Recorder's Office.
- Record of Survey Nos. 1878, 2066, 2736 & 4588 as found in the Weber County Surveyor's Office.

Plotting the current deed for subject parcel does not match what is being occupied on the ground. These errors were being resolved in the Record of Survey No. 4588 and the tie measurement to the point of beginning, the North and West boundary lines have been held from that survey. Said survey shows "old cedar fence posts" along the West boundary and, from testimony of the client, "have been there a long time". The Westerly Northernly and Easterly boundary lines were established from the Boundary Line Agreement's and, after research of documents and verbal testimony, by the Elements of Acquiescence, in Boundary Line Agreement Entry Nos. 1512683 & 1512684 recorded December 30, 1997, the parties involved stated they were the owners and possessors of adjacent tracts of land, a portion of which had been separated by an existing fence line for over 40 years and had been mutually agreed upon as the boundary line between the parties. These documents support the claim that the elements of Acquiescence has been met. These elements are: (i) occupation up to a visible line marked by monuments, fences, or buildings, (ii) mutual acquiescence in the line as a boundary, (iii) for a period of at least 20 years, (iv) by adjoining landowners. (Jacobs v. Hafan, 917 P.2d 1078, 1081 (Utah 1996)). "Title is obtained by operation of law at the time the elements of boundary by acquiescence are satisfied." (Oz v. Hughes, 2016 UT 8).

The ditch easement, as found in Entry #367768 in Book 694 at Page 91 of Official Records does not disclose the width of the easement. The Centerline of 3350 North Street was established from the Spring Mountain Subdivision (Unrecorded Subdivision) and other Record of Survey's along said Street.

The basis of bearing of bearing is State Plane Grid Bearing as shown.
