NOTE:

- Agriculture is the preferred use in the agricultural zones. Agricultural operations as specified in the Land Use Code for a particular zone are permitted at any time including the operation of farm machinery and no allowed agricultural use shall be subject to restriction on the basis that it interferes with activities of future residents of this subdivision. [Amd. Ord. Sec. 106-1-8(b)(5)]
- Due to the topography and the location of this subdivision all owners will accept responsibility for any storm water runoff from the road adjacent to this property until curb and gutter is installed.
- The existing 2 foot wide and 3 foot wide ditches may have an Easement of Use for down stream land owners in it's current location. Easement is to remain in force unless and/or until the Grantor(s) successors, or assigns may desire to relocate the ditch to another location while maintaining proper water supply to down stream land owners, at which time this easement shall automatically become void and released without the recording of a release document.
- Rocky Mountain Power "Power Company" maintains a Blanket Easement (Entry #2792763, dated May 11, 2016 in the Weber County Records Office) over the parent parcel of this subdivision. All visible evidence of Power Companies equipment and use have been found and are shown on this plat to be in the road right of way. Power Company may need to be contacted to determine if the portion of the blanket easement within this Subdivision Boundary may be released or voided.
