## NOTES:

- 10' Wide Public Utility and Drainage Easements each side of property line as indicated by dashed lines, unless otherwise shown.
- Lots with designated "Buildable Areas," have been approved subject to the condition that building development shall take place only within designated areas.
- Due to the topography and the location of this subdivision all owners will accept responsibility for any storm water runoff from the road adjacent to this property until curb and gutter is installed.
- Name of Subdivision is located within a Natural Hazards Area. A Geotechnical and geologic investigation has been performed by GSH Geotechnical, Inc. Dated, September 9, 2015 Job No.193101N-15. The final report is available for public review at the Weber County Planning Division Office.
- Notice to Purchasers of Lots with Designated Building Areas. Lots with designated "building areas" have been approved subject to the condition that building development shall take place only within such designated areas.

## NARRATIVE

This survey and subdivision plat were requested by Herb Christian for the purpose of re-tracing the lot boundaries modifying the Non-Buildable area. Centerline Monuments were found at the center of Cul-de-sac on 2950 East Street and at a centerline P.I. along 2950 East Street at approximately 6075 South. A line bearing S 40°10'13" E between these two monuments was used as the Basis of Bearings as depicted on this drawing. Property lines were established based on the original Eastwood Subdivision No. 10 (book 22 pages 74 & 75), and the Amended Plat of Lots 17-19 & 22-28 Eastwood Subdivision No. 10 (Book 23 page 49). A rebar with an aluminum cap stamped "P-S Assoc SLC UT" was found at the Rear common corner to both Lots. Its location checked and was honored. A metal "T" post was found at the Northeast corner of Lot 37 and the Southeast corner of Lot 38. Both Tee Posts had a metal sign attached marking the original numbers. The location of the southeast corner of lot 38 was honored as the "T" post. Street right of way lines were established based on the original Eastwood Subdivision No. 10 (book 22 pages 74 & 75), and the Amended Plat of Lots 17-19 & 22-28 Eastwood Subdivision No. 10 (Book 23 page 49). Property Corners were monuments as depicted on this survey.
