Development History

- The subject property was purchased by the original petitioner in November 1995.
- Weber County Planning Division received a request to rezone the subject property on August 1, 1996 from Agricultural A-1 Zone to Commercial (C-2) Zone.
- The rezone petition was forwarded to the Planning Commission on August 27, 1996 with a positive recommendation from Staff.
- The rezone petition was forwarded to the Board of County Commissioners with an unanimously positive recommendation from the Planning Commission on October 9, 1996.
- Zoning Development Agreement Ordinance# 96-33 was recorded on January 13, 1997 successfully rezoning the property from Agricultural (A-1) to Commercial (C-2) Zone.
- The subject property was subdivided into three lots known as the "Little Bear Subdivision" July 21, 1999.
- Property purchased by Terry Phillips Property, LLC on May 12, 2005.
- A conditional use permit request was received by the Weber Planning Division on October 3, 2008.
- Conditional Use Permit #16-08 and #01-11 were approved by the Ogden Valley Planning Commission for the temporary parking use of the park and ride lot.

Summary

The petitioner is requesting a positive recommendation to amend the Zoning Development Agreement Ordinance #96-33 to reinstate the expired zoning development agreement and to allow for a temporary park and ride lot to be added to the agreement and the conceptual map (See Exhibit C). Temporary or seasonal park and ride lots are a conditional use in the CV-2 zone. Since 2008 the petitioner has received temporary conditional use permits for the park and ride located in Eden. This site provides free parking for visitors and residents of the valley to gain access to the free shuttle service to Powder Mountain

Ski Resort. Access to the park and ride lot will be gained from Highway 162. The proposed temporary park and ride lot is located on Lot 2 of the Little Bear Subdivision (See Exhibit B).

The petitioner has requested that the zoning development agreement be reinstated for a The Uniform Land Use Code of Weber County (LUC) does allow a parking lot as a conditional use in the CV-2 Zone (LUC §104-21-5). The LUC generally requires that parking lots be screened and paved with concrete or asphalt, but an exception is provided for “for seasonal, temporary, or transient uses, including, but not limited to, a fair, festival, short-term vendor, park and ride lots (LUC 108-8-7(b)). Due to the park and ride location being part of the center of the commercial hub in Eden, staff recommends that the petitioner shall install eight drought resistant street trees along the front property line of Lot 2 running along of Highway 162 as shown on the concept drawings as part of reinstating the zoning development agreement. These improvements will offer some softening of the area by providing some buffering and it can be done by the owner or by the lessee. A condition of approval will be added to staff’s recommendation giving the petitioner until June 1, 2019 for the street trees to be installed.

Summary of Planning Commission Considerations

The following questions may be considered by the Planning Commission regarding the request to amend the “Conceptual Development Plan” as part of amending the Zoning Development Agreement approved as Contract# 96-33

- Does the proposed amendment coincide with the vision of the area?
- Is the proposed amendment harmonious with the Ogden Valley General Plan?
- Does the proposed “Conceptual Development Plan” meet the current goals and objectives as outlined in the Ogden Valley General Plan?
- Does the proposal enhance the public health, safety and welfare over the type of development that could otherwise occur?
- Does the proposal to amend the conceptual development plan negatively impact the surrounding properties and uses?

Staff Recommendation

The Planning Division forwards this petition with a positive recommendation to amend the Zoning Development Agreement Ordinance #96-33 to reinstate the expired zoning development agreement and to allow for a temporary park and ride lot to be added to the agreement and the conceptual map in the Zoning Development Agreement:

1. Prior to being forwarded to the County Commission, the owners will need to sign two agreements.
2. The petitioner shall install eight drought resistant street trees along the front property line of Lot 2 running along of Highway 162 as shown on the concept drawings prior to June 1, 2019.
3. A new conditional use permit for a temporary park and ride lot on Lot 2 must be obtained.

This recommendation is based on the following findings:

1. A request to amend the “Concept Development Plan” is allowed per the previously approved Zoning Development Agreement.
2. It is in the best interests of both the applicant and the County to have a “Concept Development Plan” that is viable and harmonious with the Ogden Valley General Plan.
3. The amendment to the conceptual design will facilitate the required site improvements in a manner that will coincide with the vision of the area and will be more desirable for future residents.
4. The amendment is not detrimental to the public health, safety, or welfare.
5. The proposal will not deteriorate the environment of the general area so as to negatively impact surrounding properties and uses.

RECITALS: Whereas, the petitioner seeks to rezone property generally located at 2620 N. Hwy. 162 within the unincorporated area of Weber County, Utah from an Agricultural A-1 Zone to a Commercial C-2 Zone for the purpose of: Retail shops, office, motel/cottage use, etc. which property consists of 6.27 acres and is more particularly described on EXHIBIT A attached hereto and incorporated herein by this reference ("the property"); and,

WHEREAS, the County seeks to promote the health, welfare, safety, convenience and economic prosperity of the inhabitants of the County through the establishment and administration of Zoning Regulations concerning the use and development of land in the unincorporated area of the County as a means of implementing adopted Land Use Master Plans of all or part of the County; and

WHEREAS, petitioner has requested that certain property be rezoned for purposes of allowing him or his designees to develop the property in a manner which has been outlined to the Planning Commission; and

WHEREAS, the petitioner considers it to his advantage and benefit for the County to review his petition for rezoning based upon having prior knowledge of the development that is proposed for the property so as to more completely assess its compatibility with the County's master plan and for the area and the existing land use surrounding the property to be rezoned as outlined in Exhibit A.

WHEREAS, the County is desirous of rezoning the property for the purpose of developing the property in the manner outlined to the county but does not feel that the property should be rezoned unless the development that the petitioner contemplates is commenced and completed on the property within an agreed upon reasonable time; and

WHEREAS, it is in the best interests of both the petitioner and the County that in the event the petitioners project is not commenced, constructed and completed within a reasonable time that the zoning of the parcel described in Exhibit A be rezoned back to the zoning that existed prior to granting petitioners initial rezoning request.

NOW THEREFORE, for good and valuable consideration in receipt of which is hereby acknowledged and accepted by both parties, the parties hereto mutually agree and covenant as follows:

1. The County will rezone the property described in Exhibit A from an Agricultural A-1 zone to a Commercial C-2 zone for the purpose of allowing the petitioner to construct his pre-design project on the subject property.

Petitioner acknowledges that if the project has not begun or has not been completed within the time frames outlined above that he will request that the property be rezoned from a Commercial C-2 zone to an Agricultural A-1 zone and this document will serve as his request that the property be rezoned by the County. Petitioner understands that the County's granting of his rezoning petition is contingent upon him completing the project substantially as outlined in Exhibit B and within the time frame outlined in this agreement.
4. The petitioner agrees that only uses which fall within the general use types included in the approved Concept Development Plan and which comply with the Zoning Ordinance provisions, will be approved on the petitioned for property as part of a more specific and more detailed version of the approved Concept Development Plan. No other uses will be approved until or unless this Agreement and the approved Concept Plan are amended or voided.

8. The following conditions, occurrences or actions will constitute a default by the petitioner, his assigns or successors in interest:
 - a. failure to present a detailed development plan including proposed uses for the project, or a major phase thereof, gain County approval and obtain land use and building permits and complete construction within the time periods specified in this Agreement.
 - b. disposing of the property for any other purpose than that approved by this Agreement, the concept development plan and general uses and any subsequent more detailed plans and uses approved by the County.
 - c. a written petition by the petitioner, his assigns or successors in interest, filed with the County seeking to void or materially alter any of the provisions of this Agreement.
9. In the event that any of the conditions constituting default by the petitioner, his assigns or successors in interest, occur, the County finds that the public benefits to accrue from rezoning as outlined in this Agreement will not be realized.
 In such a case, the County shall examine the reasons for the default and lack of progress or proposed major change of plans, and either approve an extension of time or major change or the concept plan or initiate steps to revert the zoning designation to its former zone.
10. The parties may amend or modify the provisions of this Agreement, the concept development plan and list of use types only by written instrument and after considering the recommendation of the County Planning Commission which may hold a public hearing to determine public feeling on the proposed amendment or modification if deemed warranted.
