October 4, 2018

On Behalf of: Kenny Palmer

The West Warren and Warren Water Improvement District will supply culinary water to the Fenster Subdivision, phase three (12 building lots) located on 5500 West in Warren Utah.

The water is available upon request and payment of the current connection fee and impact fees at the time of construction and must be paid prior to the beginning of construction on each of the individual lots.

Should you have questions or comments, please contact the district clerk at the phone or e-mail listed above.

Sincerely,

Connie S. Judkins
District Clerk
West Warren and Warren

To: West Warren – Warren Water District & Weber County Planning

Dear Sirs,

This is to confirm that Mt. View Irrigation has the capacity to serve secondary water to the 21 Lots in Fenster Farms Subdivision Phase 2 & 3. The owner of the subdivision has completed a development agreement with the company which included providing the applicable water shares sufficient to provide water to the project. Completion and approval of the pipelines, service laterals and payment of applicable connection fees will need to be made and accepted prior to delivery of pressurized secondary water to the project. Each lot owner will become a shareholder in the company and be bound by its by-laws.
