RE: Uintah View Estates Subdivision

Dear Mr. Weight:

The secondary water system within the Uintah View Estates Subdivision (eight building lots located at approximately 2220 Eastwood Blvd. in Ogden) is being constructed to Weber Basin Water Conservancy District standards. The only items remaining to be installed and inspected are user valves and boxes for each of the user turnouts. Assuming these items are completed to Weber Basin standards, the District will take over ownership of the system after a one-year warranty period, per the District's Subdivision Takeover Agreement with the Developer. All other Weber Basin requirements have been met, and the District is planning on delivering secondary water to all lots of the Development.

If you have any questions, please contact Riley Olsen of our office.

Sincerely,

FOR

Scott W. Paxman, PE
Assistant General Manager
