## COMMENTS AND CORRECTIVE ACTIONS FOR SWPPP COMPLIANCE

Identify the problem and its location. If appropriate, describe (in general terms) what needs to be completed. However, only if qualified (e.g., you are a designer) should you be mandating specific BMPs to install. Include the date when corrections are made.

The SWPPP needs to be accessible on site.

The site looked very clean.

The port-a-john looks like it's on the edge of the hill, and may have a possibility of being knocked down the hill.
