Ogden UT 84401-1473
FAX (801) 625-3699

To provide adequate review time, please submit all Special Event applications at least forty-five (45) days prior to the event, and/or setup date if applicable. Late applications may not be approved.

Depending on the needs and characteristics of a Special Event, additional fees may be charged by the Weber County Sheriff's Office, Weber Fire District, Weber-Morgan Health Department, County Parks & Recreation, and/or any other County agencies that provide services, equipment, or facilities. If additional fees are necessary, they will be specified during the Special Event permit application process. If the use of County services, equipment, or facilities require the execution of an agreement or contract, the event organizer must contact the appropriate County agency to make arrangements early. All (additional) fees must be paid directly to the applicable agency prior to any Special Event being approved.

Application Review Process and Tracking:

The Special Event application review process will begin when the event organizer submits a complete Special Event Application Form, site plan/map, insurance certificate, required plans, and a non-refundable application fee. Upon acceptance of the application, the County Special Event Coordinator (SEC) will become your primary contact person. In addition to being able to work directly with the SEC and the individual review agencies, you'll be given instruction on how to create an account and follow your Special Event review process on the County's project tracking system known as Miradi. You may be contacted directly by the review agencies or be notified, through Miradi, if your Special Event application needs to be supplemented with additional information. It is important that you "follow" your Special Event review process in Miradi and respond to review comments that are made. You will not respond through Miradi, but will respond directly to the review agency or provide the necessary information to the SEC so that the information can be uploaded into the Miradi system.

Please be aware that, in cases where your Special Event could affect Federal or State property/facilities, you'll be asked to contact the applicable agency (e.g., U.S. Forestry, U.D.O.T, etc.) and provide proof that the agency is aware of the event or approves of the event.

Non-refundable Application Fee:

The application fee is \$345.00 for a large Special Event (over 200 people) and \$290.00 for a small Special Event (200 or less people). See Weber County Code Section 38-1-7(d) for fee exemption information. You may access fee exemption information at: https://library.municode.com/ut/weber_county/codes/code_of_ordinances?nodetid=PTIC00RTIT38SPEV_S38-1-7SAEE

Please keep in mind that acceptance of a Special Event application does not constitute an approval of the event.

Cancellation Policy:

If an event must be cancelled, the event organizer must contact the SEC and provide written notice so that the cancellation information can be distributed and uploaded to Miradi. The event organizer must also directly contact all agencies that are providing services, equipment, and/or facilities.

Only those authorized and acting as the event organizer will be able to make changes to the application or cancel an event.

Section IX - Emergency Services

Fire Prevention Plan:

All events are required to submit a fire prevention plan and be available to coordinate the review of the plan with the Weber Fire District if necessary. An additional fee may be charged for fire prevention services and equipment provided by the Weber Fire District.

Please describe any possibility of igniting a fire and the event's plan for preventing, mitigating, and suppressing a fire:

We do not allow open flames at any of our races.

If using a grill, it must have an on/off switch and fire extinguisher within 5 feet.

If using a generator, it must be away from brush and have a fire extinguisher within 5 feet.

We do use a generator at: Announcers AV System, Staging for Start Line and AV, Registration for computers, Timing for timing system and computers. We have fire extinguishers at all areas and place generators in an area free of brush and grass.

Our 4 wheelers and side by side all have the spark arrestors intact and in working order.

We work with the venues to see what their needs are and if there are high fire danger that we need to be aware of and extra sensitive to.

Emergency Medical Plan:

All events are required to submit an emergency medical plan and be available to coordinate the review of the plan with the Weber Fire District if necessary. An additional fee may be charged for medical services and equipment provided by the Weber Fire District.

The level of medical service that is available at an event is dependent upon the size and type of event. The minimum plan for providing medical services for small events, with a low medical risk, may be the designation of an event staff member who can call 9-1-1 and is certified in CPR. Events that are larger and/or have a higher medical risk may be required to provide more services such as paramedic, ambulance, advanced life support, and on-site physician.

It is responsibility of the event organizer to ensure that all medical support personnel, whether paid or volunteer, are familiar with the Utah Health Code and have the appropriate licensing, certifications, and insurance to provide services at a Special Event.

Emergency medical plans should include but are not limited to:

- Name, contact number, and certification type/level for all medical services providers.
- Description of communication type/method.
- Description or illustration (on Special Event site plan/map) of first aid and/or other medical service or staging locations.
- Description or illustration (on Special Event site plan/map) of medical evacuation strategies and/or staging locations.

Please describe any likely medical condition(s) that can result from the event and describe the event's plan for prevention, treating conditions/providing medical services, and evacuation:
All of our headcoaches are BFA, CPR & WFA certified.

We have Course Marshals on course (about 12 through out a 4-6 mile loop) that are all working with high grade motorolla radios. We have 2 roving marshals at all times with radios as well.

We have a medical tent (with privacy walls) when needed. We hire local EMT's or utilize the Resorts OES Certified Ski Patrollers. We do have 2 medical first responders on bikes to get to racers in need quickly.

At our first aid tent, we do have a Medical Coordinator that works with the Chief Course Marshal and the EMT's to get proper information and location of injured rider and what they may or may not need. The tent is equipped with a first aid bag as well as travel first aid bags (when needed to take out on site).

We also have 1-2 volunteers that assist in very basic first aid for minor scrapes.

Please see attached map.

I would be happy to pass along medical personal information once I recieve it.

NOTE: To assist in determining the appropriate level of medical services for an event, please refer to the table on page 14.
