COMMENTS AND CORRECTIVE ACTIONS FOR SWPPP COMPLIANCE

Identify the problem and its location. If appropriate, describe (in general terms) what needs to be completed. However, only if qualified (e.g., you are a designer) should you be mandating specific BMPs to install. Include the date when corrections are made.

The swppp needs to be updated with the changes.

It appears that the last inspection was done more than a month ago, 2012-10-20. Weekly or Bi-Weekly inspections need to be happening.
