

Open Space Preservation Plan for Sunset Meadows

There is 57.01 acres of contiguous open space in Sunset Meadows. This open space will not be sold and will remain property of Sierra Homes Construction, LLC.

The open space will be leased to a local farmer, A.G. Favero & Sons. They are very knowledgeable with both the industry and the property. They will be laser leveling the open space and using it to produce hay. The open space will have an irrigation system along with adequate water.

If there are any questions about the maintenance or proposed use of the open space Tom Favero is willing to answer any questions. His number is 801-544-6883.

Thank you,

Jessica Prestwich
