RE: Powder Mountain CWPP- Summit Development

Dear Mr. Wilkenson:

The Utah Division of Forestry, Fire and State Lands has been contacted by Summit Development to develop a Community Wildfire Protection Plan for the area of Powder Mountain to satisfy the requirement from Weber County Planning Division.

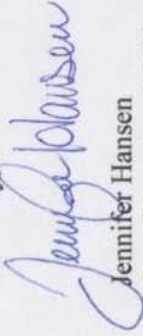

The Community Wildlife Protection Plan (CWPP) is a workbook with the primary goal to protect life, property and community values through community based planning for wildland urban interface communities. The purpose of the CWPP is to:

- Empower communities to organize, plan, and take action on issues impacting community safety
- Enhance levels of fire resistance and protection to the community
- Identify the risks of wildland/urban interface fires in the area
- Identify strategies to reduce the risks to homes and businesses in the community during a wildfire.

The document includes the following sections: Introduction – Partnerships and Collaboration, Part I – Community Description, Part II – Community Prescription, Part III – Resources, Part IV – Technical Assessments and Appendix. The process to develop the CWPP is generally four (4) community meetings that consist of a brief presentation about each part and time for the community members to work together to complete each part. The first meeting is scheduled for Wednesday, January 23<sup>rd</sup>, 2013.

If you have any questions, please feel free to contact me by phone at 435.757.8332 or by e-mail at [jenniferhansen@utah.gov](mailto:jenniferhansen@utah.gov).

Sincerely,

  
Jennifer Hansen

Bear River Area Wildland Urban Interface Coordinator
