I am writing to appeal the planning decision for the Middle Fork Ranch Subdivision 3rd amendment for 7522 E 1400 N in Huntsville.

I am disputing the issue of the county taking land along the east property line for a future road. I had made it very clear during the process that I was not ok with this and that there is not reason or need for this to be done. If this is removed from the final plat I am good with the rest of what has been done.

Thanks
