**Subdivision Time Limitations.**

*Time limitation for final approval.* A final subdivision plat or phase of a subdivision that receives a recommendation for final approval from the planning commission shall be offered to the county commission for final approval and recording within one year from the date of the planning commission's recommendation for final approval. After one year from that date, the plat shall have no validity. Subdivisions with multiple phases must record a new phase within one year from the date of the previous phase being recorded until the subdivision is completed or the plat shall have no validity. A multiple phase subdivision may receive only one time extension, not one time extension per phase. One additional time extension may be granted if the hardship is determined to be a county caused delay.
