G. PUBLIC COMMENTS:

James Mooney, representing LEAP (Law Enforcement Against Prohibition), consisting of about 1,500 former judges, law enforcement officials, under cover agents, prison officials, governors, legislators, etc., stated that LEAP is against the current laws that govern substance abuse. Mr. Mooney was successful in his work on the war on drugs and said that he was noted as the most effective undercover agent in the history of Utah and was awarded the Medal of Merit from Governor Leavitt for his achievements in lowering inmate recidivism. LEAP believes that real dialogue and evaluation needs to occur regarding what the Task Force is doing. He asked the Commission to open up dialogue on how to continue handling the war on drugs that is corrupting our judicial system and our families. He said that this is the sentiment of judges, attorneys, etc.
