RE: Utility Cost Estimate

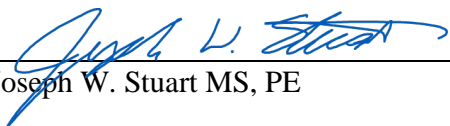

Mr. Moyal,

As requested, we have reviewed the proposed utilities plans for the development. In addition, we've reviewed the cost estimates provided by Chambers & Sons for actual installation costs, dated 12/11/2020. We have provided an Engineers estimate for water-related improvements, as requested. Please see the attached.

If you have any questions or concerns, please feel free to contact us.

Thank you.

Sincerely,
