REVIEW STATUS: APPROVED

SPECIFIC COMMENTS:

1. A response letter was received to the comments from review #2. The letter indicates that the owners will be providing a fire suppression system in the home in lieu of adding a fire hydrant near the home.

Every effort has been made to provide a complete and thorough review of these plans. This review does not relieve the owner, contractor and/or developer from compliance with any and all applicable codes and standards. Any change or revision of this plan will render this review void and will require submittal of the new or revised layout for fire department review.
