May 9, 2013

Mr. Tuttle:

I am the secretary/treasurer for Huntsville Irrigation Company. I am writing to confirm that the open (historic ditch) on Garth Allen's property will be piped with a completion date of approx December 14 or earlier and that the ditch is part of the master plan to abandon the use of open ditch flood irrigation.

Also, the existing 20 foot ditch easement is what is necessary to complete the piping project currently underway.

If you have any further questions or concerns, please let me know.

Thank you.

Brenda Grow
