To Whom It May Concern:,

I have reviewed the plans for the subdivision located at 3600 North, and approximately 3980 West, in Weber County, and found the Piping and structure for irrigation water to be in compliance with Plan City Irrigation Company standards for a lateral ditch. As a water user on the same ditch, and a member of the Board of Directors for Plan City Irrigation Co., I verify the improvements planed, to easily handle the water flow used in the ditch that runs along 3600 North.
