Payment paid in full:

Check # 2002

Cash

PAID JUL 17 2013

Calculated/Completed By:
[Signature]

Note:

*Residential applies to single family homes, duplexes, apartment buildings, and other multi-family residences. Residential properties are assessed the residential rate, multiplied by the number of units/residences in the complex.

Hotel/Motels are calculated by multiplying the total square footage by the commercial rate.

All other spaces are calculated by multiplying the total square footage by the appropriate rate (commercial or industrial) as determined by the Fire Marshal.
