- Weber County Land Use Code Title 104 (Zones) Chapter 14 (FV-3 Zone)

Type of Decision

- **Administrative Decisions:** When the Planning Commission is acting as a land use authority, it is acting in an administrative capacity and has much less discretion. Examples of administrative applications are design reviews, flag lots, and subdivisions. Administrative applications must be approved by the Planning Commission if the application demonstrates compliance with the approval criteria.

Background

The applicant is requesting final approval of Kaminski Subdivision consisting of one lot, located at approximately 9500 East 1700 South in the FV-3 Zone. The subdivision meets the area and lot width requirements of the FV-3 Zone. The 3.87 acre subdivision will consolidate four smaller parcels and create one buildable lot.

Culinary water service is provided as a private well, and a private septic system will be used for waste. One additional fire hydrant has been required. All review agency requirements must be addressed and completed prior to this subdivision being recorded.

Summary of Administrative Considerations

- Does this subdivision meet the requirements of the Weber County Subdivision and Zoning Ordinances?

The Weber County Land Use Code Title 106 (Subdivisions) defines "small subdivision" as "A subdivision consisting of three (3) or fewer lots and for which no streets will be created or realigned." This subdivision consists of only one lot and no streets are being created or realigned. The Land Use Code (Subdivisions) also states "With the exception of small subdivisions, the preliminary plan/plat including the phasing plan shall be presented to the Land Use Authority, in this

section Planning Commission, for their determination, based upon compliance with applicable ordinances.” Based on these requirements, this subdivision qualifies for administrative approval as a small subdivision.

Conformance to the General Plan
