to me, Nordic, Bill ▾

To whom it may concern:

Nordic Mountain Water, Inc.(NMWI) currently has sufficient water to supply the Asgard Subdivision (6 Single Family Home Sites) as proposed by Mr. Dan Mabey.

However, Mr. Maybe has not entered into any contractual agreement with NMWI concerning water services to his proposed subdivision, therefore, there is no guarantee such connections will be available in the future.

Sincerely

Bill D. Green

Pres. Nordic Mtn. Water, Inc.
