Weber County Planning Commission  
2380 Washington Boulevard  
Ogden, Utah 84401

To Whom It May Concern:

This is to inform you that Taylor West Weber Water Improvement District supplies culinary potable water to the following address, **2389 S. 4300 W.** Ogden UT. Taylor West Weber Water has a 10" water line on 4300 W. to supply this home. We have served this home for several years and **will continue service to the home.** We understand that this is the 1<sup>st</sup> Phase to the Old School House Subdivision any new lots that we have not been serving will be required to have a pressurized secondary water connection as there is a Hooper Irrigation pressurized line available. This home is grandfathered in and we will not require a secondary water connection but it may be advantageous for the developer to connect to the secondary water system.

Sincerely, 

Ryan Rogers – Manager

Taylor West Weber Water District
