NARRATIVE

This survey was requested by Dwayne Hansen to determine the location of the property as it exists on the ground.

Documents used to aid in this survey:

- Weber County Tax Plat 15-084 (current and prior years).
- Deeds of record as found in the Weber County Records Office for parcels 15-084-0005, 15-084-0014, 15-084-0016, 15-084-0015, 15-084-0018, 15-084-023, 15-084-0038.
- Plats of Record: 30-017 Rancho Del Lago Subdivision.
- Record of Survey's: #3613, #4369.

The subject properties are described on record found in Warranty Deed Entry No. 3143017 recorded April 9, 2021 and Warranty Deed Entry No. _____ recorded _____ in the Weber County Records office. Record descriptions do not fit, occupied evidence on the ground and have been adjusted according to the following conditions: The Southeast Quarter of Section 32, Township 6 North, Range 2 West, Salt Lake Base and Meridian, is longer in the North-South direction than the standard half mile lengths. When trying to mathematically draw the Deed descriptions the Deeds do not fit the occupational evidences on the ground. (See Record of survey No 3613 for example of the mathematical location of the North line of the South 1/2 of the Southwest 1/4 of the Northwest 1/4 of the Southeast 1/4 of said Section 32). When using the existing fence lines as evidence of the historical Section breakdown the deed descriptions fit the occupational fence lines.

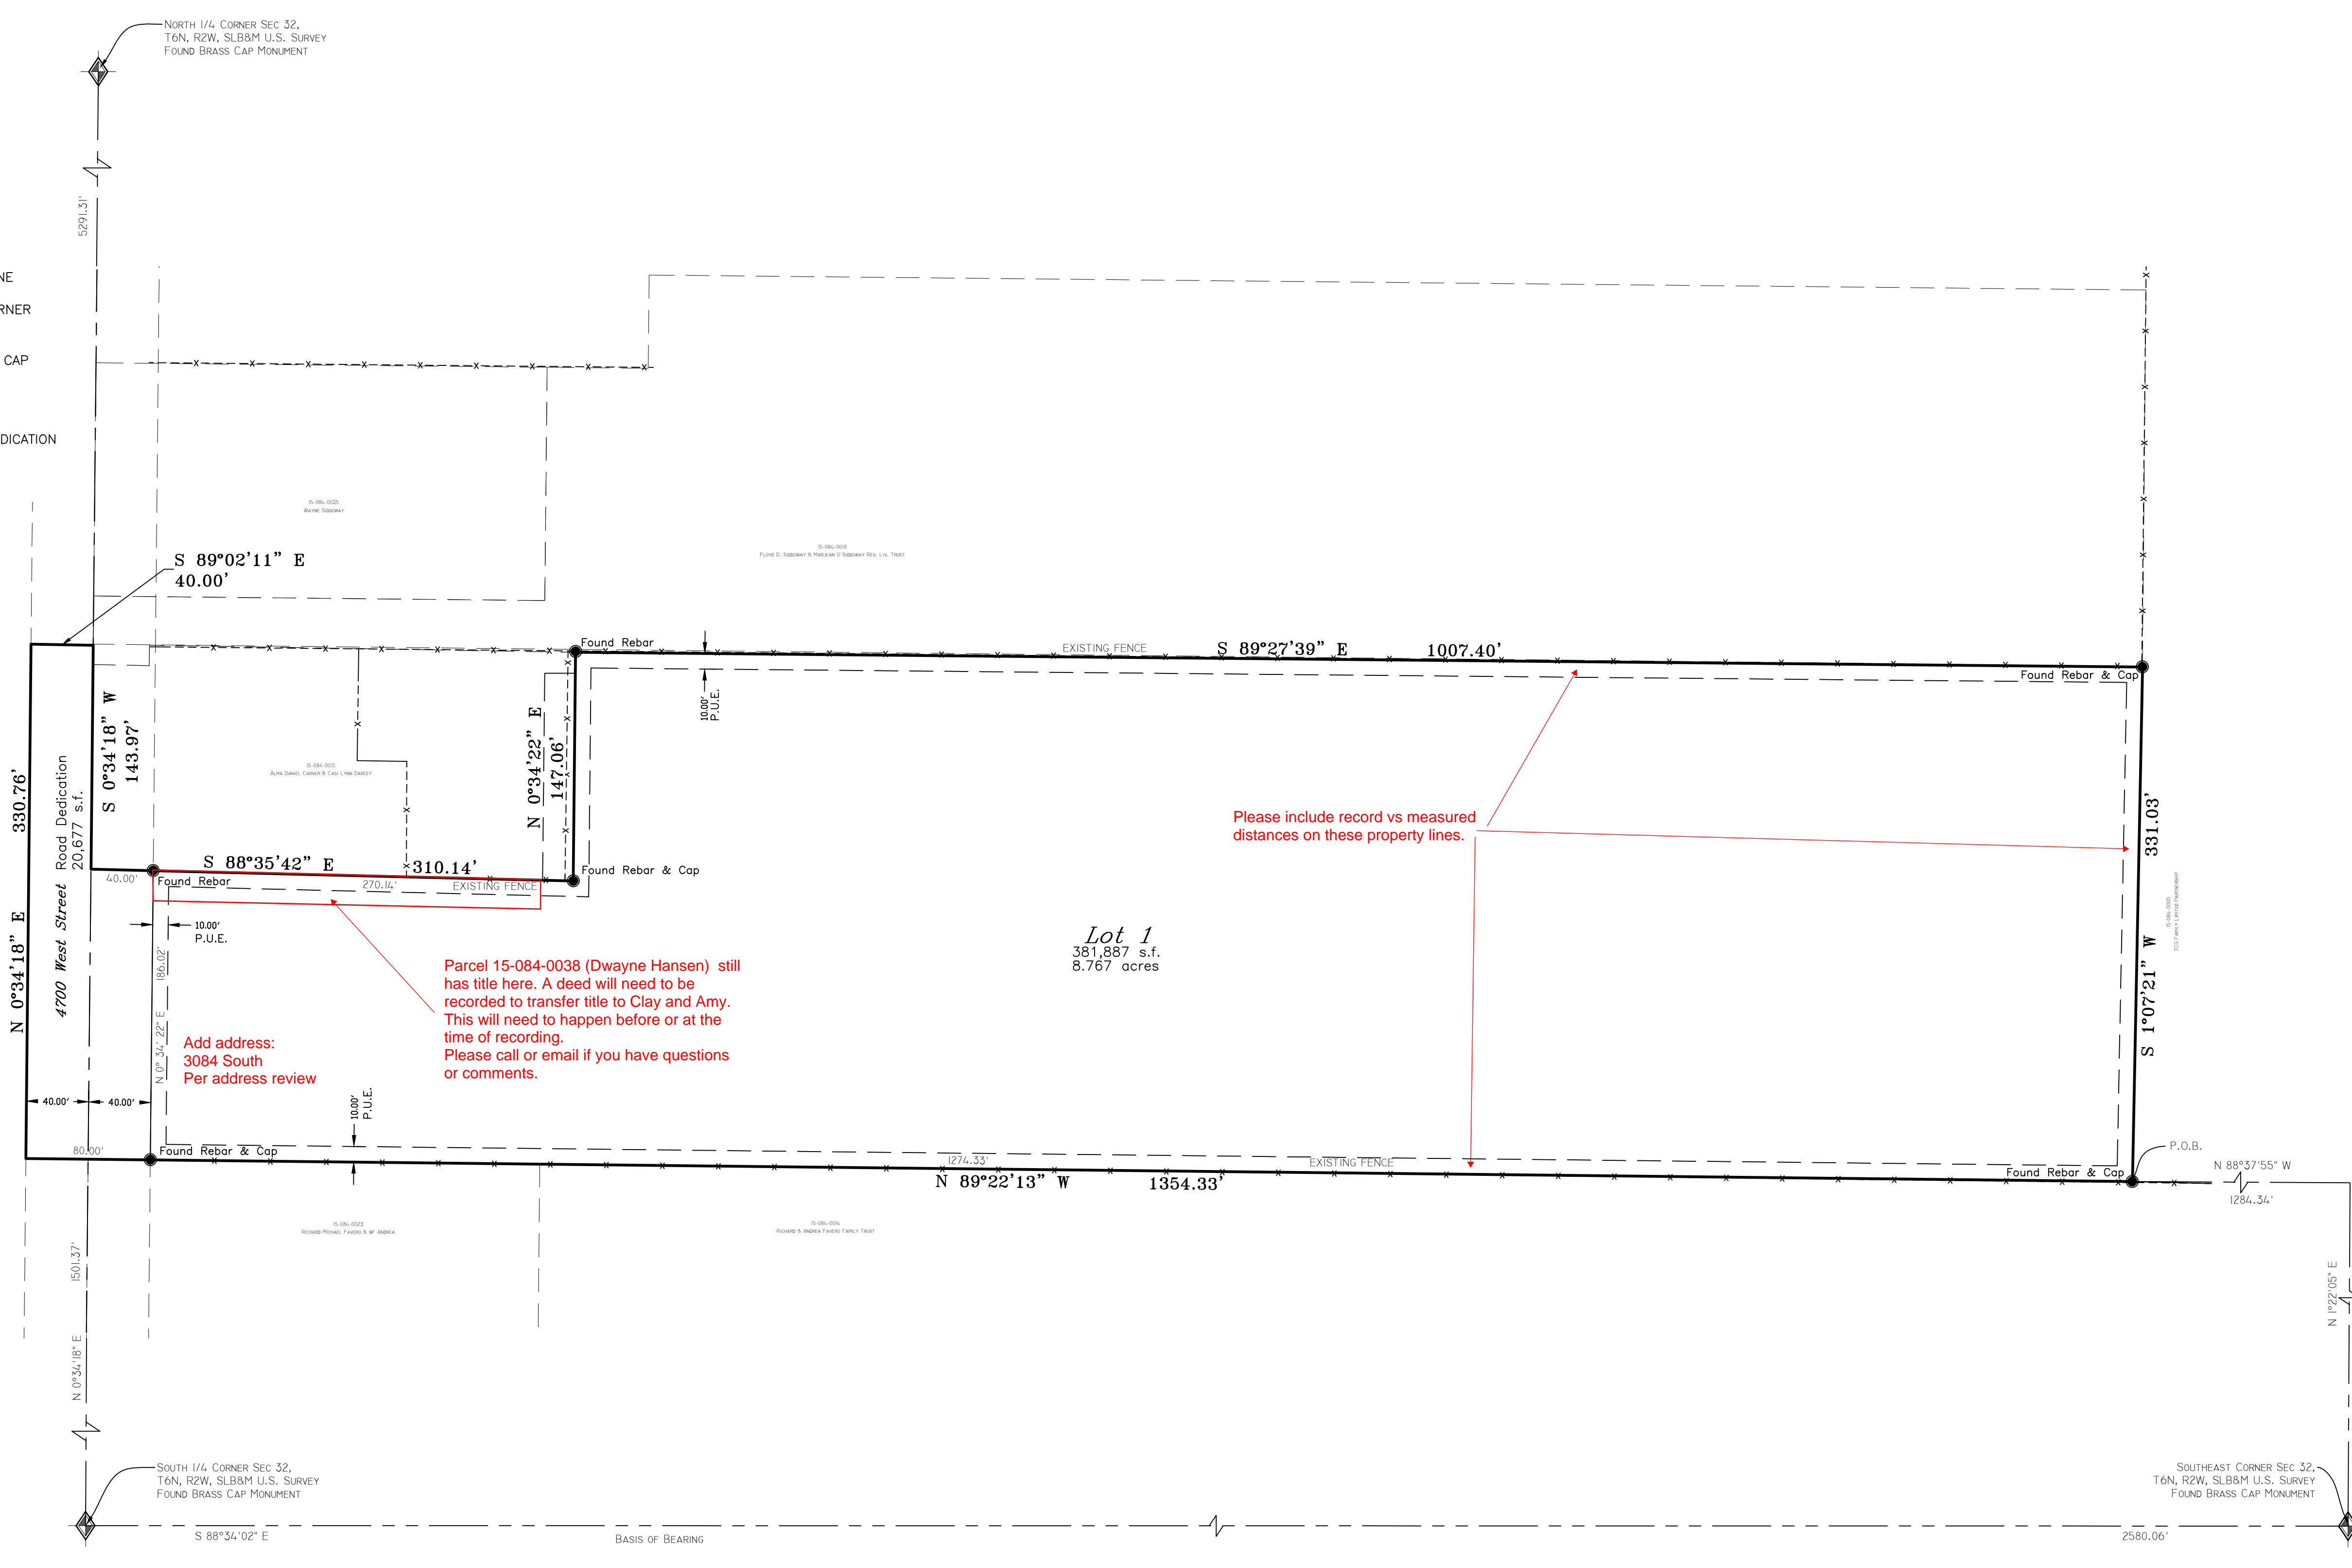

Per testimony of Dwayne Hansen these fences along his property (along the North and South) have been there for a substantial amount of time, over sixty years. Therefore the North and South boundary is held along the fence lines. The fence along the East had been there the same amount of years but was removed recently. The East property line was determined by the extension of the old fence from the North of this property.

In the alternative for determining the boundary line, per testimony of Clients stated above, the boundary line is to be along the fence line by elements of acquiescence. Elements of acquiescence are: (i) occupation up to a visible line marked by monuments, fences, or buildings; (ii) mutual acquiescence in the line as a boundary; (iii) for a period of at least 20 years; (iv) by adjoining landowners. (917 P.2d 1078, 1081 (Utah 1996)). "Title is obtained by operation of law at the time the elements of boundary by acquiescence are satisfied." (, 2016 UT 8).

Centerline of 4700 West Street was established by using Prior survey's and observed evidence of fence lines.

Prior deeds for this parcel have the statement "Together with and subject to existing Right-of-Way", but does not clarify if it is the road. Therefore the part of 4700 West Street within the this boundary description is being dedicated on this plat.

Basis of bearing is state plane grid from monument as shown.

Parcel 15-084-0038 (Dwayne Hansen) still has title here. A deed will need to be recorded to transfer title to Clay and Amy. This will need to happen before or at the time of recording. Please call or email if you have questions or comments.

Please include record vs measured distances on these property lines.
