Hi Felix,

Thank you for reaching out to me. Here is the information you requested. Please let me know if you need anything else.

Engineering Review-

1. The access points for the Preschool that connect with 4700 are established points that have been there for years. I will not be making any new access points.
2. I did put down small gravel, I do not have a plan to put down anything else at this time.

Fire Department-

I will attach the report from the fire department.

Building

I'm having trouble getting a new picture to upload. The only building that is being used for the preschool is the building at the bottom of the picture. I do not have plans to do an outside play area. Please let me know if you need me to relabel the picture and I will have my son help me.

Hello Kristen,

Will you please send me another copy of your project narrative?

It would be best to send it in PDF format.

Thank you

Felix Lleverino
