

Hello Chad,

Here are our responses to the your comments on our application

1. See below (structures on adjacent property and location of perc test)
2. 4700 W easement is 100' - we met with Udot and have approval for roadway entrance. We provided the additional 10' easement into our property boundary.
3. The roadway connecting to the east property is just a trail used by for tractor travel as the same person was leasing and farming our property and the property east of us. They have additional access points (to the south on 4700 W and on the east side of the east property on 4300 W.
4. see below
5. see below
6. a. added a swpp document under Anex Platt in frontier (same one used for the building permit)

b. working on the permit
7. added the storm water activity permit to frontier under Anex Platt (same one that was submitted for building permit)

Thanks Clay 385-333-9060
