Hello Steve,

Per our conversation on the phone, I understand proceeding with building is at my own risk until the easement vacation is approved. Please let me know when Inspections is made aware of this plan as I will have to schedule another inspection before pouring on Thursday.

For your records, here is the plat map available to me on GIS; it notes the 10' easement but makes no clarification that includes footings and overhangs. I am not sure where the version you sent is available.

Thank you,  
Cole Schiefelbein
