Re: Secondary Water

To whom it may concern:

The above mentioned subdivision has sufficient shares of Hooper Irrigation "A" Stock to connect to the Pressurized Secondary System which is available in this location. The requirement for connecting to Secondary Water is a ½ share for each lot as well as a \$3,000 connection fee per lot. The plot plan has been provided to Hooper Irrigation and has been approved. Currently, Hooper Irrigation Company can and will serve this subdivision with Pressurized Irrigation Water.
