Dear Mr. Stephens,

Mark D. Anderson
Davis County

District staff has reviewed your request to release a 5 foot portion of an existing 15 foot public utility easement (PUE) located on the back property line of parcel #07-427-0001, Lot 45, Highland Bluff Estates Subdivision – Phase 5.

Based on the staff review Weber Basin Water Conservancy District will release interest in the southern 5 feet only of the existing easement as recorded and will grant the variance request. The District does have infrastructure in the area. Based on current records and information on file the District will be able to continue operation and maintenance of the existing 4" irrigation line with the remaining 10 foot easement.
