To Whom It May Concern:

This is a follow up letter to a meeting held with Mr. O'Dell on Tuesday, October 15, 2013. The discussion centered on the Public Utility Easement between lots 411 and 412 in the Evergreen Park Subdivision No. 1. Customer requested that Rocky Mountain Power agree to the removal of said easement between the two lots in exchange for a Public Utility Easement to be put into place for the existing power line as shown on plat. This easement would be 10 feet in width and approximately 160 feet in length.

Rocky Mountain Power agrees to this change on the property plat.

Sincerely,

Karl Sewell
