To whom it may concern:

RE: AVAILABILITY LETTER – FoxRun Business Condos Ph2

The Bona Vista Water District does have culinary water available for the project located at 2147 North Rulon White Blvd in the Weber industrial Park.

This letter states that the above named project is in the boundaries of the Bona Vista Water Improvement District. The information will be evaluated with our review process when formal application is made by the Developer and fees are paid to the District.

The plan review fee for commercial is \$1,000 plus \$300 per acre and includes running one fire flow model. We consider this fee to be minimal and is only to cover the cost of review by the District and the District Engineer. If additional models are requested, supplementary fees will be required. Only the phase in consideration is guaranteed service and only for a period of one year from the date of the District approval, if not constructed.

Connection fees and fire line fees are based on meter and line size. All water mains, service lines, fire hydrants, etc. must be constructed according to the district's specifications. Those specifications can be found on the district's website: <https://www.bonavistawater.com/construction-standards>.

Proof of secondary water will need to accompany the connection fee for each connection inside the development. Allowable proof of secondary water is a connection receipt from a pressurized secondary water provider or a letter clearly stating that there are 3-acre feet of water available for each acre of undeveloped property (water shares must be in owner's name).

The connection receipt will serve as verification from the district for building permit purposes.

If you have any questions, please feel free to call me. I can be reached at 801-621-0474 ext. 207, Monday through Friday, 9am – 5pm.

Sincerely,

Matt Fox
Assistant Manager
