

[illegible]

Marshal Reed:

Ok, sounds good, I understand. Thank you for meeting with me last week!

Can you point to me, just for my reference, the code provision for the review time expiration?

In the future, I'll be more time proactive about this. Not very soon but in the future too I think I'd like to submit for a one lot subdivision on a less-than-one acre piece of land.

Thanks and best regards,

Matt Rasmussen

Subject: Re: New review Calais subdivision over 2014

Yes, the original review is good for a year and then it expires. I think most requirements will remain the same, but it needs to go through Frontier for a new review. I'll cc Steve so he can weigh in as well.
