Paul,

For your subdivision application, we need the following:

1. Pdf of the amended subdivision plat
2. Title report dated within 30 days of your submittal date
3. Pre application meeting notes (you can use this email as those notes)
4. When the application is submitted, our planning technician will add an invoice for the subdivision review fee

Since this is only a lot line adjustment there are many things we don't need with this application that we normally require. Let me know if you have questions.

Thanks,

**Steve Burton, AICP**

Hi Steve,

1/10/23, 3:50 PM

Gmail - Subdivision

Frontier still won't let me submit without public street connectivity plan. I might have a drawing from the building permit. Should I try to attach that or another drawing showing the driveway?

I'll work on the title report and get everything submitted.

Thank you for your help!
