NARRATIVE

- The purpose of this survey is to create a subdivision plat that conforms to the subdivision requirements of Weber County for the zone in which the parcels reside. The zone that is applicable to this subdivision is AV-3.
- Additionally, the purpose of the survey is not to identify utility locations, above or underground, any utilities shown hereon are based on physical survey ties of visible utilities or from 811 Locator Services (Blue Stakes), or from documents of record. No representation as to accuracy of underground utilities is made herein.
- The basis of bearing is as noted and described in the Boundary Description.
- This division is part of an overall parcel which is described in Warranty Deed recorded as Entry Number 3080254 on August 27, 2020. All of the boundary lines, except the north boundary, are original lines of division.
- The north boundary is the section line, which is also the center line of 1900 North Street. The section line as monumented is being held. It should be noted that the North Quarter corner of the section was found by Weber County Survey to have been destroyed when they located the remnants of the monument May 23, 2018. The location noted hereon is based on records of the location which were preserved by Martin B. Moore, Jr. when he was County Surveyor.
- Because the North Quarter corner has been destroyed it is not being used as the basis of bearing for this survey. The basis is between existing monumentation of the Northeast and Northwest corners of the section.

NOTE:

- In addition to corners that have been shown by legend symbol as having been set all Lot corner have been set.
- Upper Valley Coordinate system is NAD1983 Utah North Zone U.S.ft expanded to ground using a combined factor of 1.002923772456. The initial coordinates are based on independent GPS observations using Leica Network. The values observed were compared with the published values of the Weber County Surveyor's Office and found to conform unless otherwise noted.
- Agriculture is the preferred use in the agricultural zones. Agricultural operations as specified in the Land Use Code for a particular zone are permitted at any time including the operation of farm machinery and no allowed agricultural use shall be subject to restriction on the basis that it interferes with activities of future residents of this subdivision. [Amd. Ord. Sec. 106-1-8(c)(5)]
- Due to the topography and the location of this subdivision all owners will accept responsibility for any storm water runoff from the road adjacent to this property until curb and gutter is installed.
