A Review has been added to the Powder Mountain Yurt-Design Reviews project.

Engineering Review:

I have had a chance to review the plan(s) and have the following comment(s):

1. Where will the people park? **Visitors will park at Timberline parking lot and ride a shuttle to the end of Summit Pass to be dropped off.**
2. Will you be adding any hard scape for this project? **No hardscape will be added.**

I have tried to address all items of concern from the Engineering Department. However, this review does not forego other items of concern that may come to this department's attention during additional reviews or during construction of improvements. It is the responsibility of property owners to ensure that they are not building over an easement. If you have any comments or questions concerning this review, feel free to contact me.
