

10x10 Gable Shed Plans - side view

You really need to take a look over **PART 2** and **PART 3** of the shed project, so you learn how to build the gable roof, the double doors and to learn how to attach the decorative trims.

10x10 Gable Shed Plans

This is a really nice storage shed to have in the backyard, as it features a gable roof, double doors and a lot of storage space. This shed is ideal for any garden as it is compact enough to keep the costs down, while it can add value to the property with its delightful design. in the **SHOP**. If you want this exact project but in just
