

Staff Report to the Western Weber Planning Commission

Weber County Planning Division

Synopsis

Application Information

Application Request:	Public hearing for consideration of a request for a recommendation to the County Commission regarding a zoning development agreement associated with the rezoning of approximately 242 acres, located at approximately 2875 West 2600 N, from the A-1 zone to the C-1, R-2, R-3, R-1-10, RE-15, and Master Planned Development (MPD) overlay zones.
Application Type:	Legislative
Agenda Date:	Tuesday, September 13, 2022
Applicant:	Bryan Bayles
File Number:	ZDA 2022-04

Property Information

Approximate Address:	2875 West 2600 N, Ogden
Zoning:	A-1
Existing Land Use:	Agricultural
Proposed Land Use:	Residential and Commercial

Adjacent Land Use

North:	Residential and Agricultural	South:	Residential and Agricultural
East:	Residential	West:	Residential and Agricultural

Adjacent Land Use

Report Reviewer:	RG, CE

Applicable Ordinances

§102-6: Development Agreements

Summary

After holding a public hearing on October 12, 2021, the Western Weber Planning Commission made a motion to approve the JDC Ranch Rezone (ZMA 2020-01). The following is the motion made by the Planning Commission, as taken from the approved minutes:

Motion made by Commissioner Edwards to vote for a positive recommendation for the rezone with the staff recommendation and conditions and findings. Commissioner McCormick seconded the motion.

If the Planning Commission supports the proposed general plan amendment, then staff recommends that the Planning Commission forward a positive recommendation to the County Commission for the general plan amendment, File #GPA2020-01, and the rezone, File #ZMA 2020-01 with the following requirements to be executed by means of a development agreement:

- 1. The development agreement should contain a requirement for the applicant to not protest an annexation from an adjacent city.*
- 2. The development agreement should limit the number of attached patio homes and fourplex townhomes to no more than 100 total units.*
- 3. The development agreement should limit the total number of housing units to no more than 725 units.*
- 4. The project layout should be changed to reflect the street connectivity of Figure 4 herein.*
- 5. The development agreement should omit the street design standards of Page 8 of the applicant's proposal and defer to Plain City's adopted street design standards.*
- 6. In the development agreement, the project zoning (Page 7 of the proposal) is changed as provided by Figure 3B.*

7. Trails should be constructed in accordance with the standards in the Plain City General Plan, or as otherwise adopted by Plain City standards. More specifically:

a. The trail along 2700/2600 North Street should be constructed as a Class 2 or Class 3 Trail, as listed on page 19 of the Plain City General Plan. The trail should be at least 10 feet wide and paved, with at least a 10 foot landscape buffer between the trail and the street. The trail shall be constructed from the existing sidewalk in Farr West City and extend westward to the existing Plain City

boundary, including a bridge or other mutually agreeable crossing of the canal that runs along the existing Plain City Boundary.

b. The trail that runs north/south along the power line corridor, and the trail that runs east/west through the middle of the project (through the park area) should be constructed as a Class 1 Trail, as listed on page 19 of the Plain City General Plan. Both should be at least 10 feet wide and paved with at least five feet landscaped area between the trail and a paralleling street.

c. All other trails should be at least a Class 3 paved trail, as listed on page 19 of the Plain City General Plan

d. Any trail that connects between lots or parcels, including those stubbing to the exterior boundary of the subject property, should have a landscaped trail corridor that is at least 20 feet wide.

8. The parks and open space areas should be as provided in the proposal, and phased in a proportionate amount as the project is phased.

9. All park strips and trail corridors should be planted with and irrigated for drought tolerant (water wise) vegetation. No turf grass. Parks have limited turf grass on areas for sports/play fields.

10. Trees, no less than 2" caliper, should be planted along trails and in park strips at a distance no greater than the tree species typical canopy width. The species should follow Plain City's adopted tree species list.

11. The HOA should be professionally managed. Until the area is annexed into a city, the HOA management company should be responsible for managing all open space areas, park strips, landscaping, and common area, and provide street snow removal.

12. The project should follow the architecture design contained in the applicant's proposal.

13. That all other agency concerns should be accounted for as may be necessary in the development agreement.

14. That the West Central Weber County General Plan should be amended to include the entire unincorporated island, and should be designed and/or annotated to encourage development that will stimulate incorporated into an adjoining city, and provide general support for the adjoining city's general plan.

This recommendation may come with the following findings:

1. With the proposed amendment to the West Central Weber County General Plan, the proposed rezone complies with the general plan. The proposed amendment corresponds with the objectives of the Plain City General Plan

2. With the exception to zoning, the proposal complies with the Plain City General Plan.

3. The proposal offers public recreation, shopping, jobs, and has the potential to offer a mixture of housing options, all cornerstones of sustainable community planning principles.

4. The impacts of the development on adjacent landowners is proposed to be appropriately minimized by buffering similar land uses, and screening higher density housing from view by locating it in the middle of the project.

5. The development is not detrimental to the overall health, safety, and welfare of the community.

Motion passed 5-1 with Commission Bell voting against the rezone.

Since the time the Planning Commission made their motion, the developer has revised their plan with some direction from County Staff and the County Commission. The changes have resulted in a proposal for different zoning throughout the master planned area and keeping the maximum number of units at 725. The developer is requesting that the Planning Commission make a recommendation to the County Commission regarding the proposed development agreement.

Analysis

When the Planning Commission made their motion on the rezone, part of that motion included the following figures that were shown in the rezoning staff report and were included in the staff recommendation.

Figure 3B: Staff Recommended Zoning Map Amendment

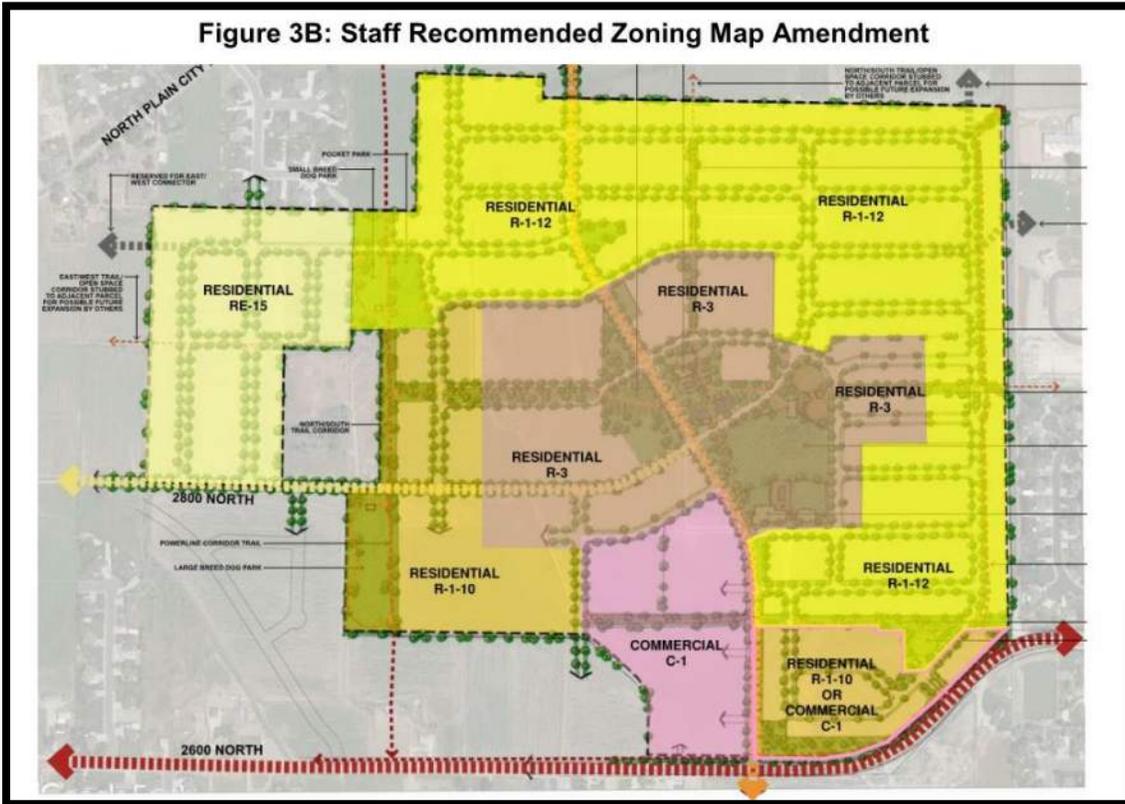

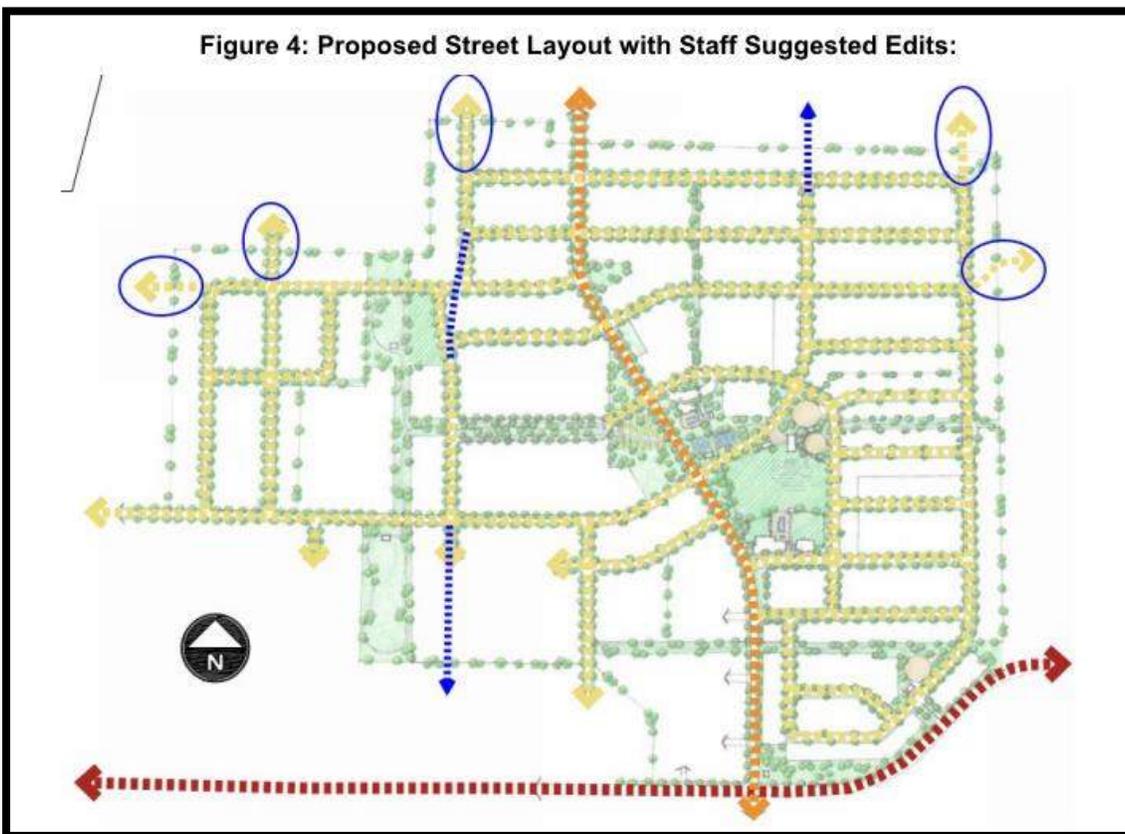

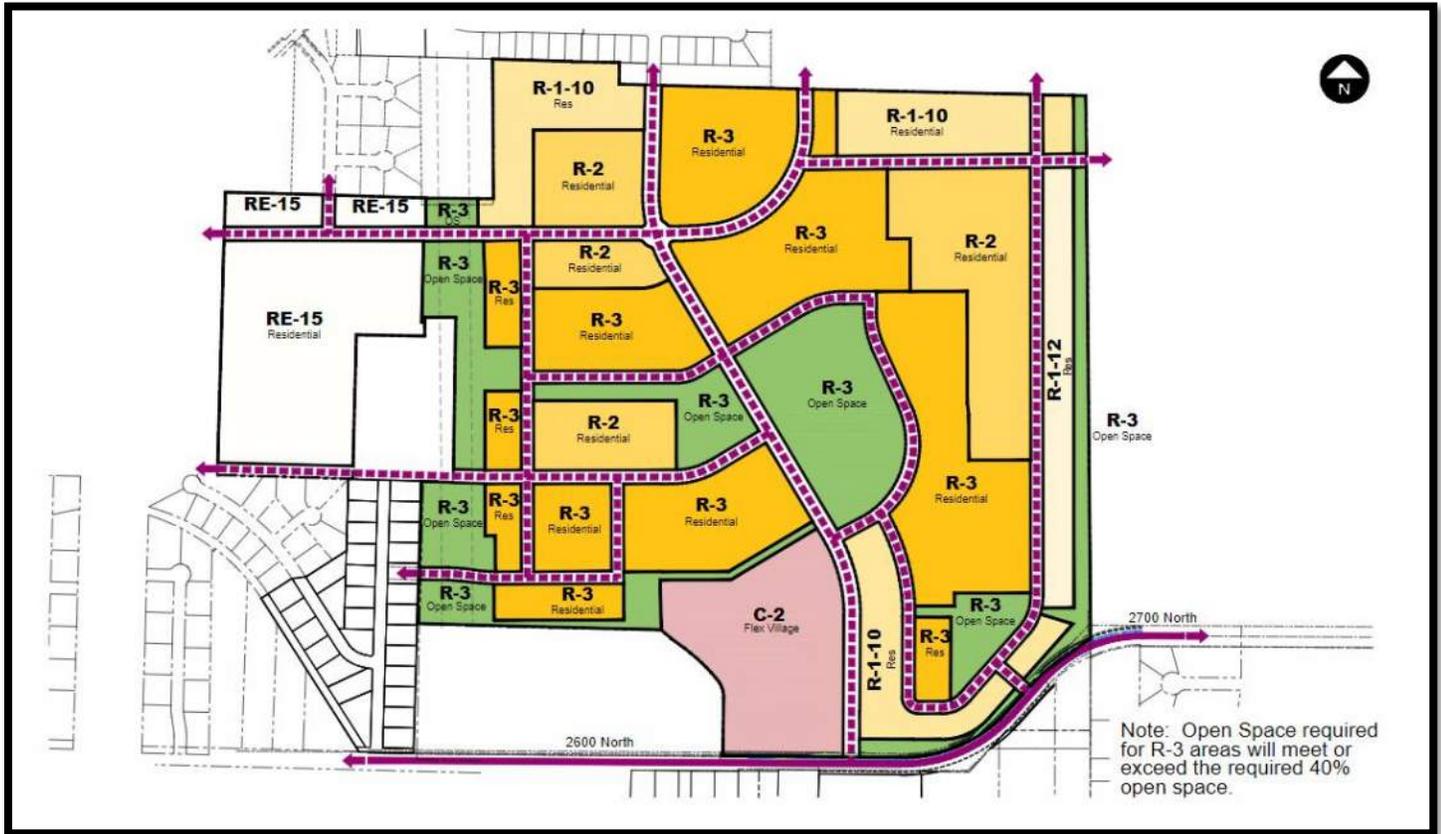

Figure 4: Proposed Street Layout with Staff Suggested Edits:

The new proposed zoning and proposed street layout are shown below:

The development agreement does contain provisions that address some of the conditions of the Planning Commission in their rezoning motion. The agreement states that the master developer and its successors agree to not protest annexation into Plain City. The agreement limits the number of townhomes or row houses to 125. The agreement also limits the number of “attached residential products of other configurations” to 200. Further, the development agreement limits the total number of dwelling units to 725.

The developer’s new proposed street layouts have been considered by Planning staff and provide street and trail connectivity to adjacent properties. The public right of way standards of Plain City have been incorporated into the development agreement. The development agreement refers to the applicant’s open space plan for trail widths and specific locations. The phasing of open space will occur as each development area is subdivided and the developer will be required to report and track open space dedication with the county as each development occurs.

The current draft of the development agreement does not contain provisions that ensure the HOA is professionally managed. The draft agreement is missing some key definitions like “attached residential products” that will need to be clearly defined. Planning staff is requesting that the planning commission allow staff to make minor adjustments to the development agreement to address these items and others that may come up, before the agreement is considered by the County Commission.

Summary of Planning Commission Considerations

In reviewing a proposed development agreement, the Planning Commission and County Commission may consider, but shall not be limited to considering, the following:

1. Public impacts and benefits.
2. Adequacy in the provision of all necessary public infrastructure and services.
3. Appropriateness and adequacy of environmental protection measures.
4. Protection and enhancements of the public health, welfare, and safety, beyond what is provided by the existing land use ordinances.

Staff Recommendation

Staff recommends that the Planning Commission forward a positive recommendation to the County Commission regarding ZDA 2022-04, based on the following conditions:

1. Provisions will be added to the agreement that require the HOA to be professionally managed.
2. Definitions will be added or modified in the agreement, as requested by planning staff and the county attorney.
3. Edits that implement the planning commission's intent regarding this rezone may be made to the draft agreement, as directed by the planning staff and the county attorney, before the agreement is considered by the County Commission.

This recommendation is based on the following findings:

1. The proposal will not deteriorate the environment of the general area so as to negatively impact surrounding properties and uses.
2. The agreement was considered by the Legislative Body, in conformance with Chapter 102-6 of the County Land Use Code.

**MASTER DEVELOPMENT AGREEMENT
FOR
JDC RANCH**

THIS MASTER DEVELOPMENT AGREEMENT (“**MDA**”) is made and entered as of the _____ day of _____, 2022, by and between Weber County, a political subdivision of the State of Utah (“**County**”), and JDC Ranch Properties LLC, a Utah limited liability company (“**Master Developer**”). The County and Master Developer are sometimes collectively referred to in this MDA as the “**Parties.**”

RECITALS

A. Master Developer proposes to develop the certain real property located within an unincorporated portion of the County which is more particularly described on **Exhibit A** attached hereto (“**Property**”). Master Developer intends to develop the Property into a project containing multiple uses including residential components, commercial uses, open space, and certain amenities (collectively, the “**Project**”), all as set forth herein.

B. Unless otherwise defined in the body of this MDA, the capitalized terms used in this MDA are defined in **Exhibit B** which attached hereto and incorporated herein by this reference.

C. Prior to the execution of this MDA, the Property was zoned A-1 and A-2. The County has rezoned the Property C-2, R-2, R-3, R-1-10, R-1-12, and RE-15, in a configuration set forth on the Zoning Plan attached hereto as **Exhibit C**, together with a Master Planned Development Overlay Zone (“**MPDOZ**”), all contingent on the execution and recording of this MDA.

D. The Code requires any development within a MPDOZ to be implemented pursuant to a development agreement.

E. In order to (i) satisfy Code’s requirement for a development agreement, (ii) ensure that the Property is developed in a unified and consistent fashion, (iii) memorialize the relationship between Master Developer and the County in relation to certain transactions, entitlements, dedications, and other

requirements necessary for the Project, and (iv) vest the Property with certain development rights, the Parties enter into this MDA.

F. The parties agree that development of the Project as a master planned community pursuant to this MDA is consistent with the Act and the Code and will operate to the benefit of the County, Master Developer, and the general public.

G. The County has reviewed this MDA and determined that the MDA is consistent with the Act, the Code and the C-2, R-2, R-3, R-1-10, R-1-12, RE-15 and MPDOZ as applied to the Property.

H. The Parties acknowledge that development of the Property pursuant to this MDA will result in significant planning and economic benefits to the County and its residents by, among other things, requiring orderly development of the Property as a master planned community and increasing property tax, sales tax, and other revenues to the County based on improvements to be constructed on the Property.

I. Development of the Property pursuant to this MDA will also result in significant benefits to Master Developer by providing assurances to Master Developer that it will have the ability to develop the Property in accordance with this MDA.

J. Master Developer and the County have cooperated in the preparation of this MDA.

K. The Parties desire to enter into this MDA to specify the rights and responsibilities of Master Developer to develop the Property as part of the Project as expressed in this MDA, and the rights and responsibilities of the County to allow and regulate such development pursuant to the requirements of this MDA.

L. The parties understand and intend that this MDA is a “development agreement” within the meaning of, and entered into pursuant to the terms of Utah Code §17-27a-102 and 17-27a-528.1

¹ All references to sections of the Utah Code are references to the provisions in effect as of the date of this MDA.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the County and Master Developer hereby agree to the following:

TERMS

1. **Incorporation of Recitals and Exhibits/ Definitions.**

- 1.1. **Incorporation.** The foregoing Recitals and **Exhibit A** through **Exhibit L** are hereby incorporated into this MDA.
- 1.2. **Definitions.** As used in this MDA, the words and phrases specified in **Exhibit B** shall have the meanings set forth therein. Other terms are defined in the text of this MDA.

2. **Effect of this MDA.**

2.1. **Development of Project Pursuant to the MDA.** During the term of the MDA, this MDA will govern the development of the Project. The County shall not require Master Developer to enter into any other agreements prior to Master Developer commencing development of the Property as part of the Project. Unless otherwise agreed to by Master Developer, this MDA shall be the sole agreement between the Parties for the development of the Property.

2.2. **Effect of Conflict.** In the event of a conflict between the County's Vested Laws and this MDA, the provisions of the MDA and its Exhibits shall control. Specifically, certain provisions of this MDA and its Exhibits may supersede and replace provisions of the County's Vested Laws, but only with respect to the Project. Pursuant to the Act (Utah Code § 17-27a-528(2)(a)(ii)), this MDA has been approved by the County's legislative body in accordance with the same procedures, including notice provisions, used for enacting a land use regulation.

3. **Laws Governing the Project.**

3.1. **Master Plan.** Development of the Project shall be in accordance with the County's Vested Laws together with this MDA and its Exhibits. The County acknowledges that this MDA and its Exhibits

constitute the “Master Plan” required under the Code and the County’s agreement hereto constitutes approval of a concept plan for the development of the Property.

3.2. **Annexation.** Master Developer, on behalf of Master Developer and its successors and any future owners of the Property, covenants and agrees not to protest an annexation petition initiated under Utah Code § 10-2-403 or otherwise object to an effort to annex the Property into a municipality adjacent to the Property under Utah Code § 10-2-418 so long as: (a) any such annexation will not in any way diminish the Master Developer’s right and ability to develop Property and the Project as provided for in this MDA; and (b) the annexing municipality agrees to adopt the terms and provisions of this MDA, including Exhibits, by ordinance. The Property must be annexed, if at all, in its entirety (i.e. no piecemeal or partial annexations will be permitted). Master Developer and the County shall jointly protest or otherwise object to any attempt to pursue a partial annexation of the Property. Further, notwithstanding annexation of the Property into any municipality, the County’s Vested Laws together with this MDA and its Exhibits will control development of the Property unless Master Developer specifically agrees to the application of the laws of the annexing municipality with respect to any portion of the Project. If the Property is annexed into any municipality, the applicable municipality will be deemed to have assumed and agreed to comply with all obligations of the County set forth in this MDA. In such case, all references to the County will be deemed references to the applicable municipality.

4. **Development of the Property in Compliance with This MDA.**

4.1. **Total Approved Residential Units.** Notwithstanding any contrary provision of the County’s Vested Laws, Master Developer shall be entitled to develop the Total Approved Residential Units and to develop other Intended Uses as specified herein for the Property. For the avoidance of doubt, and without limiting the forgoing, at Buildout, the Project is entitled to have seven hundred twenty-five (725) units. Notwithstanding the foregoing, at Buildout the attached residential products within the Project shall not exceed more than one hundred twenty-five (125) townhomes or row houses and two hundred (200) attached residential products of other configurations. Accessory dwelling units, including accessory dwelling units defined in Utah Code Chapter 27a of Title 17, and whether internal to, or detached from, the

primary Residential Dwelling Unit on any lot within the Project, will not count toward the Total Approved Residential Units. The County will not assess any impact fees in connection with the construction of accessory dwelling units.

4.2. **Allocation of Residential Units.** A proposed allocation of the type and number of Residential Dwelling Units (“**Village Plan**”) is attached hereto as **Exhibit D**. Nevertheless, the parties agree that **Exhibit D** provides some flexibility in the allocation of Residential Dwelling Units within the Project and that Master Developer (or a Sub-Developer as more fully set forth herein) may use the Total Approved Residential Units in connection with the development of any Subdivision (or any approved Commercial Site Plan allowing for residential uses), in its sole and absolute discretion, so long as the number of Residential Dwelling Units provided for in such Subdivision or Commercial Site Plan is consistent with the Village Plan for such Subdivision or Commercial Site Plan.

4.3. **Accounting for Residential Units on Parcels Developed by Master Developer.** At the recordation of a Final Plat or Commercial Site Plan allowing for residential uses or other approved and recorded instrument for any Parcel(s) developed by Master Developer, Master Developer shall provide the County a Development Report in a form substantially similar to the document attached hereto as **Exhibit L** showing the number of Residential Dwelling Units used with such Final Plat or Commercial Site Plan and the number of Residential Dwelling Units remaining with Master Developer for the remaining undeveloped areas of the Project.

4.4. **Accounting for Residential Units for Parcels Sold to Sub-Developers.**

4.4.1 **Conveyance of Any Parcel to a Sub-Developer.** Any Parcel sold by Master Developer to a Sub-Developer shall include the transfer of a specified portion of the Total Approved Residential Units and, for any non-residential use, shall specify the amount and type of any such other use sold with the Parcel. Upon such transfer or conveyance, Master Developer shall provide the County with a notice identifying the ownership of the Parcel(s) sold, the portion of the Total Approved Residential Units and/or other type of use transferred with the Parcel(s), and the amount of the Total Approved Residential Units remaining with Master Developer for the remaining undeveloped areas of the Project.

4.4.2 Return of Unused Residential Units. If any portion of the Total Approved Residential Units transferred to a Sub-Developer are unused by the Sub-Developer at the time the final portion of the Parcels transferred with such Residential Dwelling Units receive Development Application approval (e.g. when all Subdivisions or Commercial Site Plans applicable to such Parcel are transferred to a Sub-Developer), the unused portion of the transferred Residential Dwelling Units shall automatically revert to Master Developer without the requirement of consent from such Sub-Developer or the County. Within a reasonable time thereafter, Master Developer shall file with the County an updated Development Report in a form substantially similar to the document attached hereto as Exhibit L incorporating the unused portion of the transferred Residential Dwelling Units that reverted to Master Developer in the amount of the Total Approved Residential Units remaining with Master Developer.

4.5. **Parcel Sales**. The County acknowledges that the precise location and details of the public improvements, lot layout and design and any other similar item regarding the development of a particular Parcel may not be known at the time of the sale of a Parcel. The County acknowledges that Master Developer may seek and obtain approval for a Subdivision of any portion of the Project into a Parcel without providing such detailed development information subject to the specific “Parcel Sales” provisions of Section 6.7.

4.6. **Development of Flex Parcels**. The Parties understand and agree that portion of the Project (“**Flex Parcel**”) with the zoning designation of “C-2,” as shown on the Zoning Plan attached hereto as Exhibit C, is designated for commercial development. The Flex Parcel may be used for any permitted or conditional use allowed in the C-2 Zone, as set forth in the County’s Vested Laws together with any uses set forth on the table of approved uses for the Project (“**Table of Uses**”) identified in Section D(3) of the Design Guidelines attached hereto as Exhibit F.

4.7. **Design Guidelines and Standards**. The design guidelines and standards for the Project (“**Design Guidelines**”) are attached hereto as Exhibit F. Notwithstanding any provision of this MDA to the contrary, the parties agree that no supplemental development standards or requirements not expressed in the Design Guidelines, this MDA or the County’s Vested Laws, with respect to landscaping, buffering,

screening, lighting, or any other matter shall be required as a condition precedent for approval of each individual Phase or plat as part of the Development Application process. Notwithstanding anything in the County's Vested Laws to the contrary, the parties agree that any provisions related to the colors, materials, design, aesthetics for the Project, including landscaping standards, but which are not defined by the Design Guidelines, will be governed solely by standards to be adopted by the HOA ("**HOA Aesthetic Standards**"). The HOA Aesthetic Standards will be included in the CC&Rs and enforced by the HOA. Notwithstanding the foregoing, in the event of a conflict between the Design Guidelines and the HOA Aesthetic Standards, the Design Guidelines will control.

5. **Zoning and Vested Rights.**

5.1. **Vested Rights Granted by Approval of this MDA.** To the maximum extent permissible under the laws of Utah and the United States, and the maximum extent applicable at equity, Master Developer shall have the vested right to develop and construct the Project on the Property in accordance with the County's Vested Laws and the provisions of this MDA, including the Total Approved Residential Units. The parties understand and agree that this MDA may modify, in certain respects, the operation of the Code and the County's Vested Laws pertaining to the Property, and to such an extent that the terms and conditions of the MDA conflict with the Code or the County's Vested Laws, this MDA shall be considered a land use application and an ordinance adopted by the County through its legislative power and operate as an amendment to any portion of the Code that is inconsistent with the terms and conditions of this MDA. The Parties intend that the rights granted to Master Developer under this MDA are contractual and those rights that exist under statute, common law and at equity. The Parties specifically intend that this MDA grants to Master Developer "vested rights" as that term is construed in Utah's common law and pursuant to Utah Code §17-27a-508.

5.2. **Limited Application of County's Future Laws.** Unless otherwise provided in, or amended by, this MDA, the County's Future Laws shall not be applicable to or govern the development of the Property except as provided below. The restrictions on the applicability of the County's Future Laws to the Project are subject to only the following exceptions:

5.2.1 Master Developer's Agreement to Use County's Future Laws. If Master Developer, assignees of Master Developer and/or Sub-Developers agree or elect to be governed by the County's Future Laws instead of the County's Vested Laws with respect to any Development Application or any portion of the Project, then Master Developer, assignees of Master Developer, and/or Sub-Developers will so notify the County in writing. Such written notice will designate with specificity the applicable Development Application or the applicable portion of the Project to which the County's Future Laws will be applicable and the specific portions of the County's Future Laws which Master Developer and/or any Sub-Developer agree may apply to such Development Application. In such case, the County's Future Laws will apply but only to the extent specified in such written designation. Any such agreement will not be deemed a general consent to the application of all of the County's Future Laws in all circumstances. Specifically, any such agreement to the application of portions of the County's Future Laws as to any Development Application or portion of the Project will not be deemed agreement with respect to any other Development Application or any other portion of the Project. Except to the limited extent agreed to by Master Developer, assignees of Master Developer, and/or Sub-Developers, the County's Vested Laws shall continue to govern all Development Applications and all portions of the Project and of the Property.

5.2.2 Compliance with State and Federal Laws. Future laws adopted by the County which are generally applicable to all properties in the County and which are expressly required to comply with State and Federal laws will apply to the Project.

5.2.3 Safety Code Updates. Future ordinances that are updates or amendments to existing building, plumbing, mechanical, electrical, dangerous buildings, drainage, or similar construction or safety related codes, such as the International Building Code, the APWA Specifications, AAHSTO Standards, the Manual of Uniform Traffic Control Devices or similar standards that are generated by a nationally or statewide recognized construction/safety organization, or by the State or Federal governments and are required to meet legitimate concerns related to public health, safety or welfare will apply to the extent they are not arbitrarily imposed.

5.2.4 Taxes. Taxes, or modifications thereto, so long as such taxes are lawfully imposed and charged uniformly by the County to all properties, applications, persons, and entities similarly situated will apply to the Project.

5.2.5 Fees. The Project will be subject to changes in the amounts of fees (but not changes to the times provided in the County's Vested Laws for the imposition or collection of such fees) for the processing of Development Applications that are generally applicable to all development within the County (or a portion of the County as specified in the lawfully adopted fee schedule) and which are adopted pursuant to State law.

5.2.6 Impact Fees. Impact Fees or modifications thereto which are lawfully adopted, imposed and collected may be assessed in connection with Development Applications for the Project.

5.3. **Reserved Legislative Powers**. Master Developer acknowledges that the County is restricted in its authority to limit its police powers by contract and that the limitations, reservations and exceptions set forth herein are intended to reserve to the County all its police power that cannot be so limited. Notwithstanding the retained power of the County to enact such legislation under its police powers, any such legislation shall only be applied to modify the vested rights of Master Developer based upon policies, facts and circumstances meeting the compelling, countervailing public interest exception to the vested rights doctrine in the State of Utah as codified in Utah Code §17-27a-508. Any such proposed change affecting the vested rights of Master Developer and of the Project shall be of general application to all development activity in the County, and unless, in good faith, the County declares an emergency, Master Developer shall be entitled to prior written notice and an opportunity to be heard with respect to the proposed change and its applicability to the Project under the compelling, countervailing public interest exception to the vested rights doctrine.

5.4. **Term of Agreement**. The term of this MDA shall be for a period of fifteen (15) years or unless earlier terminated or modified by written amendment as set forth below. If, upon the expiration of such fifteen (15) year period Master Developer is not in default of any provision hereof, then the term shall be automatically extended for an additional five (5) years. Notwithstanding the foregoing, this MDA shall

terminate automatically at Buildout. Provisions contained herein that, by their terms, are intended to survive the expiration of this MDA shall remain in full force and effect.

6. **Approval Processes for Development Applications.**

6.1. **Phasing.** The County acknowledges that Master Developer, assignees of Master Developer, and/or Sub-Developers who have purchased Parcels of the Property may submit multiple Development Applications from time-to-time to develop and/or construct portions of the Project in multiple phases. So long as each phase provides for the logical extension of the road system, infrastructure and utilities through the Project, and complies with the terms of this MDA and other applicable provisions of the County's Vested Laws, there shall be no minimum size or minimum number of Residential Dwelling Units required in connection with any such phase. Any phase of the Project may be developed independently of other phases, and the County shall not require any particular sequencing of phases within the Project.

6.2. **Processing Under County's Vested Laws.** Approval processes for Development Applications shall be as provided in the County's Vested Laws except as otherwise provided in this MDA. The County will follow the approval procedures set forth on **Exhibit E**, attached hereto, with respect to Development Applications. The County shall approve Development Applications if they comply with the County's Vested Laws and conform to this MDA.

6.3. **County's Timely in Processing Development Applications.** Notwithstanding any contrary provision of the County's Vested Laws, the County agrees to respond to Development Applications in a timely manner. Specially, notwithstanding Utah Code § 17-27a-509.5(1), the County shall notify the Applicant in writing within forty-five (45) days after the submission of a Development Application whether the Development Application is complete under the County's Vested Laws without the requirement of subsequent written request from the Applicant. Failure to provide written notice to the Applicant will be deemed acknowledgement by the County that the Development Application is complete. If a Development Application is complete, or is deemed complete, then notwithstanding Utah Code § 17-27a-509.5(2) the County will take final action on the Development Application within sixty (60) days after

the date County notifies the Applicant that the Development Application is complete or the date on which the Development Application is deemed complete without the requirement of subsequent written request from the Applicant, except as provided below. If a Development Application requires review at a public meeting, the County will prepare any required staff reports and distribute any required public notices in sufficient time to allow for final action to be taken within such sixty (60) day period. The Applicant may appeal any Denial of a Development Application as provided in the County's Vested Laws and applicable state laws.

6.4. **Outsourcing of Processing of Development Applications.** Within fifteen (15) business days after receipt of a Development Application, and upon the request of the Applicant, the County will confer with the Applicant to determine whether the Applicant desires to have the review of any aspect of the Development Application outsourced to third-party reviewers to ensure that it is processed on a timely basis. If the Applicant determines that such outsourcing is appropriate, then the County shall promptly select a third-party reviewer and estimate the reasonably anticipated cost of outsourcing in a good faith consultation with the Applicant. If the Applicant notifies the County that it desires to proceed with the outsourcing based on the County's estimate of costs, then the Applicant shall deposit in advance with the County the estimated cost and the County shall then promptly proceed with having the work outsourced. When the outsourcing services are complete and the County has provided Applicant with an invoice (and such reasonable supporting documentation as may be requested by Master Developer) for the actual cost of outsourcing, Applicant shall, within fifteen (15) business days thereafter, pay or receive credit (as the case may be) for any difference between the estimated cost deposited for the outsourcing and the actual cost of outsourcing.

6.5. **Final Action on Development Application.** The County will approve a Development Application so long as the Development Application is complete and complies with the provisions of this MDA and the County's Vested Laws (or the County's Future Laws, if applicable). Pursuant to this MDA the Commissioners hereby delegate to the Administrator the authority to accept on behalf of the County the dedication of any roads, utilities, parks, open space, or other items of public infrastructure or public

improvements if the same complies with this MDA and the County's Vested Laws. Any Denial of a Development Application, whether by the Administrator, the Planning Commission, or the Commissioners must be accompanied by written findings of fact and conclusions of law specifying the reasons why the County believes the Development Application is inconsistent with this MDA or the County's Vested Laws (or the County's Future Laws, if applicable).

6.6. **Staff Recommendation for Denial of a Development Application.** If the County staff intends to deny or recommend denial of a Development Application, the County staff shall provide a written notice containing a detailed explanation to the Applicant of the reasons for recommending denial, specifying the reasons the County staff believes that the Development Application is not consistent with this MDA and/or the County's Vested Laws.

6.7. **Meet and Confer Regarding Recommendation of Development Application Denials.** Upon receipt of any written notice from the County that the County staff intend to recommend denial of an application, the County and Applicant shall thereafter meet and confer within thirty (30) days in an attempt to resolve the issues specified in the County's recommendation for denial of a Development Application. During such time, the period for taking final action set forth in Section 6.3 will be tolled and the County shall not take any final action on the Development Application unless the Applicant notifies the County that no resolution through the meet and confer process will be forthcoming. As appropriate, the parties may engage the services of a neutral, third-party mediator to assist the parties in the meet and confer process.

6.8. **County Denials of Development Applications Based on Denials from Non-County Agencies.** If the County's denial of a Development Application is based on the denial of the Development Application by a Non-County Agency, any such denial may be appealed by Master Developer through the appropriate procedures for such a decision as provided in the County's Vested Laws.

6.9. **Parcel Sales.** To facilitate development of the Project and involvement of Sub-Developers in the development of Off-Site Infrastructure and On-Site Infrastructure, the County agrees to approve a Development Application for Subdivision that does not create any individually developable lots in the Parcel without being subject to any requirement in the County's Vested Laws regarding the completion of,

or security for, the Project Infrastructure at the time such Subdivision is approved, except that the County may require as a part of the Subdivision of the Parcel the construction of perimeter infrastructure such as curb and gutter, sidewalks and fire hydrants if reasonably necessary given (i) the location of the Parcel in relation to other development and (ii) the respective timing of the completion of such developments. The responsibility for completing and providing security for completion of any Project Infrastructure in the Parcel shall be that of the Master Developer or a Sub-Developer upon a further Subdivision of the Parcel that creates individually developable lots.

7. **Public Improvements.**

7.1. **Utilities and Project Infrastructure.** Consistent with Section 9 of this MDA, Master Developer shall have the right and the obligation to construct or cause to be constructed and installed all portions of the Project Infrastructure which are required as a condition of approval of a Development Application.

7.2. **Approval of Infrastructure as a Part of a Development Approval.** Any Development Application for a Subdivision or a Commercial Site Plan shall include a plan for constructing the portion of the Project Infrastructure applicable to such Subdivision or Commercial Site Plan and shall demonstrate that such portions of the proposed Project Infrastructure are compatible with the overall development of the Project at Buildout.

7.2.1 **Review by County.** The County shall promptly review the portion of the proposed Project Infrastructure associated Development Application to determine its consistency with the applicable provisions of the County's Vested Laws, and this MDA.

7.2.2 **Resolution of Disputes Regarding Project Infrastructure.** If the County asserts that the portion of the proposed Project Infrastructure associated with a Development Application is not consistent with the applicable provisions of the County's Vested Laws and with this MDA, then any such dispute shall be subject to the meet and confer provisions of Section 6.7.

7.3. **Construction Prior to Completion of Infrastructure.** Anything in the Code notwithstanding, Master Developer may obtain building permits for Residential Dwelling Units prior to the

installation of all Project Infrastructure required to be eventually completed so long as such installation is secured with a completion assurance or guaranty. Any such completion guaranty will be consistent with the relevant provisions of the County's Vested Laws provided, however, that the County agrees that the completion guaranty may be in the form of a surety bond issued by an entity appropriately credentialed to provide such bonds in the State of Utah.

8. **Open Space**. Master Developer shall preserve or improve, at no cost to the County, the Open Space for the Project as generally outlined and depicted and described in the plan ("**Open Space Plan**") attached hereto as **Exhibit H**.

8.1. **Requirement for Open Space**. Provided the components of Open Space for the Project are substantially similar to those generally depicted and described in the Open Space Plan and comply with the standards listed below in this Section 8.2, the County shall not require any additions, amendments or modifications of the same in connection with any Development Application.

8.1.1 **Make Up of Open Space**. Notwithstanding any contrary provision of this MDA, Master Developer shall not be required to preserve Open Space other than as provided in the Open Space Plan. The Open Space Plan specifies the portions of the Project which will consist of Open Space. The Open Space Plan also identifies the portions of Open Space which will be dedicated to the County (and which will be open to the public) and the portions of the Open Space which will be dedicated to the HOA (which may be open only to members of the HOA). Any Development Application shall specify portions of the Open Space included in such application, which shall be substantially similar to the provisions of the Open Space Plan. If not already constructed, Master Developer shall provide a completion assurance or guaranty to secure the completion of such Open Space.

8.1.2 **Identification of Public Amenities**. The Open Space Plan identifies the amenities which will be constructed in the areas of Open Space which will be dedicated to the County; provided, however, that Master Developer reserves the right to make reasonable substitutions or modifications to the nature of such amenities in the event of material shortages, labor shortages, supply chain delays, or other force majeure-type circumstances. Master Developer also has the right to modify or amend the order in

which such public amenities are constructed consistent with a phasing or development plan adopted by Master Developer for the Project. The photos of amenities included in the Open Space Plan are illustrative only, and the actual amenities constructed may vary in terms of size, color, materials, configuration, etc.

8.1.3 HOA Amenities. In the portion of the Open Space which will be dedicated to the HOA, Master Developer may construct amenities such as pools, hot tubs, club houses, restrooms / changing rooms, playgrounds, play equipment, lawn areas, fitness equipment, etc. Such amenities are hereby deemed to be approved uses for the Open Spaces. However, notwithstanding contrary provision of the Open Space Plan or this MDA, the Master Developer has discretion to determine the specific amenities to be constructed within the portion of the Open Space which will be dedicated to and maintained by the HOA and Master Developer's determination not subject to the consent of the County.

8.1.4 Trails. The trails within the Project will be consistent with the Open Space Plan. Master Developer shall provide the right of way for future trails with connections to adjacent properties generally consistent with the Open Space Plan. Nevertheless, the location of the connection to adjacent properties will be left to Master Developer's sole discretion; provided, however, the trails shall have at least one connection that extends east/west across the entire Property, and at least one such north/south connection across the entire Property. Nothing in this MDA will prevent Master Developer from constructing more trails than are shown on the Open Space Plan for the portion of the Open Space to be dedicated to, owned by, and maintained by the HOA.

8.2. **Dedication and Ownership of Open Space**. The Open Space Plan will designate those portions of the Open Space which will be dedicated to, owned by, and maintained by the County, and those portions of the Open Space which will be dedicated to, owned by, and maintained by an HOA. Any portion of the Open Space shown on the Open Space Plan which is intended to be dedicated to the County will be transferred by a dedication pursuant to plat recordation for public use, and such Open Space may be dedicated in phases at the sole discretion of Master Developer. The HOA may elect to allow public use the portions of the Open Space which is dedicated to the HOA at the sole discretion of the HOA. Without limiting the foregoing, the HOA will have no obligation to provide access to pools, clubhouses, or any other

portion of the Open Space owned and maintained by the HOA. At such time Master Developer dedicates, and the County accepts, any Open Space, the County will be responsible for all maintenance associated with the portions of the Open Space accepted by the County. Said dedication to the County will be by plat recordation or deed which shall be at no cost to the County and without any financial encumbrance or other encumbrance (including easements) which unreasonably interferes with the use of such Open Space by the public.

8.3. **Reporting and Tracking of Open Space.** As part of the review and approval of any Development Application, any Open Space, Pocket Park, or trail either inside or adjacent to the Parcel which is included in the scope of the Development Application shall be depicted as set forth in Section 8.1.1.

8.4. **Maintenance Standards.** Any Open Space dedicated to, and owned by, a HOA will be maintained according to commercial reasonable standards; provided, however, that any such maintenance standards shall not be required to exceed the standards which the County employs in connection with Open Space dedicated to, and owned by, the County.

8.5. **Tax Benefits.** The County acknowledges that Master Developer and/or a Sub-Developer may seek and qualify for certain tax benefits by reason of conveying, dedicating, gifting, granting or transferring Open Space and/or trails to the County or to a charitable organization. Master Developer and/or Sub-Developer shall have the sole responsibility to claim and qualify for any tax benefits sought by Master Developer and/or Sub-Developer by reason of the foregoing. The County shall reasonably cooperate with Master Developer and/or Sub-Developer to the maximum extent allowable under law to allow Master Developer and/or Sub-Developer to take advantage of any such tax benefits.

9. **Public Infrastructure.** Certain components of the Project Infrastructure which Master Developer will construct for the Project, specifically the right of way improvements, are set forth on the plan for Project Infrastructure (“**Infrastructure Plan**”) which is attached hereto as **Exhibit G** and as otherwise required

under the County's Vested Laws.² All Project Infrastructure will be constructed in accordance with the standards and specifications set forth in the County's Vested Laws except as follows: (a) roads within the Project will be constructed pursuant to the road standards for Project ("**Road Standards**") which are attached hereto as **Exhibit I**; and (b) the trails within the Project will be consistent with Open Space Plan.

9.1. **System Improvements.** The parties agree that any portions of the Project Infrastructure which Master Developer constructs and which provides capacity in excess of what is necessary for the Project will be considered "system improvements" as that term is used in the Utah Impact Fees Act, Utah Code § 11-36a-101 et seq., and that Master Developer will be entitled to reimbursement for the cost of designing and constructing all system improvements whether or not designated as such on the Infrastructure Plan. Any system improvements which are constructed by Master Developer will be eligible for reimbursement from the County upon completion of the same by Master Developer and acceptance of the same by the County. The reimbursement for the cost of designing and constructing such system improvements will be payable in cash to Master Developer, including with sequestered impact fees, as defined below. However, Master Developer may, at Master Developer's sole discretion, elect to receive such reimbursement in the form of credits against the payment of Impact Fees that would otherwise be payable in connection with any Development Application ("**Impact Fee Credits**"). Any Impact Fee Credits which Master Developer elects to receive may be used by Master Developer or assigned to third-parties at Master Developer's election. If any portion of the system improvements are not currently included on the County's current Impact Fees Facilities Plan ("**IFFP**"), the County agrees to amend its IFFP to include such system improvements. Nevertheless, the County's failure to do so will not affect the County's obligation to reimburse Master Developer according to the terms of this section, it being agreed that the County's obligations set forth herein are contractual.

9.2. **Impact Fees.** The County agrees that any Impact Fees paid to the County in connection with Development Applications for the Project will be sequestered and used first to reimburse Master

² Because the planning for the Project is still ongoing, the Infrastructure Plan does not identify the complete scope of Project Infrastructure which will be constructed within the Project.

Developer for any applicable system improvements constructed by Master Developer which relate to the nature of such impact fees. For the avoidance of doubt, and by way of example, if impact fees applicable for roadway improvements are collected with respect to Development Applications for the Project, such fees shall be sequestered and shall be immediately available to reimburse Master Developer for the costs of designing and constructing system improvements.

9.3. **On-Site Infrastructure.**

9.2.1. Installation and Construction of On-Site Infrastructure. Master Developer and/or Sub-Developer shall design and construct or cause to be constructed and installed all portions of the On-Site Infrastructure shown on the Infrastructure Plan pursuant to the standards set forth in the County's Vested Laws; provided that the roads will be constructed pursuant to the Road Standards and trails will be consistent with the Open Space Plan.

9.2.2. Financing of Project Infrastructure. Master Developer and/or Sub-Developer will construct the On-Site Infrastructure and Off-Site Infrastructure; provided, however, that the cost of designing and constructing any system improvements will be reimbursable as provided in Section 9.1 of this MDA whether or not so designated on the Infrastructure Plan attached hereto as **Exhibit G**. Nothing herein shall prohibit or restrict Master Developer from entering into private agreements with Sub-Developers regarding the allocation of costs of Project Infrastructure among multiple Sub-Developers of the Property. To assist in funding the cost of the Project Infrastructure that is the responsibility of Master Developer and/or a Sub-Developer, the County shall, at the request of Master Developer and/or a Sub-Developer, cooperate in applying for, facilitating the creation of, or otherwise obtaining the following: (a) one or more Public Infrastructure Districts under Title 17D of the Utah Code; (b) one or more Community Development Projects and/or Economic Development Projects under Title 17C of the Utah Code; (c) one or more Basic Local Districts under Title 17B of the Utah Code; (d) one or more Assessment Areas under Title 11, Chapter 42 of the Utah Code; (e) development, infrastructure, or project grants provided by any

local, interlocal, state, or federal entity or agency; and/or (e) other reasonable financing mechanisms requested by Master Developer and/or a Sub-Developer. The foregoing will not preclude Master Developer from seeking to annex the Project into the Taylor West Weber Park District, or any other applicable local district, and receiving any benefits, contributions, impact fees, etc., which such district may provide to the Project.

9.2.3. **No Additional Off-Site Infrastructure Requirements.** Except as permitted pursuant to the County's Vested Laws or as shown on the Infrastructure Plan attached hereto as **Exhibit G**, the County shall not, directly or indirectly in connection with a Development Application: (a) charge Master Developer, its affiliates or successors, Sub-Developers or the Property any development fees, impact fees, water hookup fees, or any similar fees, charges, assessments or exactions for Off-Site Infrastructure; or (b) require any the construction or installation of any additional Off-Site Infrastructure.

9.4. **Water.** Master Developer shall be responsible to work with applicable culinary and secondary water providers or service districts to obtain a statement from such providers or districts committing to provide water service to the Property (each, a "**Will Serve Letter**"). Master Developer will provide copies of all applicable Will Serve Letters to the County prior to the County approving any Applications for building permits for the Project. Master Developer and any Sub-Developers shall not be required to dedicate or convey any water to the County or to pay to the County any fee, charge or assessment related to acquiring or providing such water. Notwithstanding any contrary provision of this MDA, the County will have no obligation to reimburse Master Developer for any system improvements which are dedicated to, owned by, and maintained by, culinary and secondary water providers or service districts that have provided Will Serve Letters for the Project.

9.5. **Project Discharge of Stormwater.** The County' acknowledges and agrees that the Property has historically discharged stormwater into the drainage slough which runs south to north and which borders the Property on the eastern edge of the Property in a location shown on the Drainage Plan attached hereto as **Exhibit J** ("**Existing Drainage Slough**"). The parties acknowledge that the Existing

Drainage Slough retains sufficient capacity for the expected discharge needs of the Project and the Project Infrastructure will include designs to conduct excess storm water from the Project into the Existing Drainage Slough. The Master Developer agrees to provide adequate detention within the Project to not exceed historical flows of irrigation and storm runoff into the Existing Drainage Slough. The release rate from the Project will not exceed 0.2 cubic feet per second (CFS) per acre. The County agrees to cooperate with Master Developer's efforts to obtain any third-party consents necessary to discharge stormwater into the Existing Drainage Slough including, without limitation, by asserting on behalf of Master Developer the right for the Project to discharge stormwater into the Existing Drainage Slough consistent with this Section should any municipality assert the right to regulate the flows into, or related to, the Existing Drainage Slough.

10. **Cable TV/Fiber Optic/Data/Communications Service.** To the extent conduits are not provided as part of the Project Infrastructure, subject to all applicable Federal and State laws, Master Developer and/or a Sub-Developer may install or cause to be installed underground all conduits and cable service/fiber optic lines within the Project and underneath any public streets at no expense to the County. In such an event, the County agrees not to charge Master Developer and/or Sub-Developer any fees or costs associated with the installation of such conduits and cable, including any fees associated with permits or the County's approval. Any and all conduits, cable, lines, connections and lateral connections (except for conduit installed for public utilities, such as power, natural gas, culinary water, and sanitary sewer, that are installed as part of the portions of the Project Infrastructure, which will be owned by the County) shall remain the sole and exclusive property of Master Developer or cable/fiber optic provider even though the roadways in which the cable/fiber optic lines, conduits, connections and laterals are installed may be dedicated to the County, and Master Developer hereby reserves an easement on, through, over, across, and under such publicly dedicated right-of-way for such conduits and cables. Master Developer or any Sub-Developer may contract with any data/communications/cable TV/fiber optic provider of its own choice and grant an exclusive access and/or easement to such provider to furnish cable TV/fiber optic services for those dwelling units or other uses on the Project, so long as the property is private and not dedicated to the public.

The County may charge and collect all taxes and/or fees with respect to such cable service and fiber optic lines as allowed under State Law.

11. **CC&Rs.** The Homeowners Association(s) shall be responsible for the implementation and enforcement of the CC&Rs and the Design Guidelines. The CC&Rs may be amended by the processes specified in the CC&Rs without any requirement of approval of such amendments by the County; provided, however, no such amendment which violates this MDA will be effective without the written consent of the County. Other than building permits issued to Master Developer, which will not require certification by the HOA, prior to the issuance of any building permits for residential, business, commercial or recreational uses, but excluding infrastructure, the HOA's architectural control subcommittee established by the CC&Rs shall certify to the County that the proposed permit complies with the Design Guidelines. The County will have no duty or obligation to enforce any provisions of the CC&Rs or the Design Guidelines.

12. **Payment of Fees.** Master Developer and/or a Sub-Developer shall pay to the County all fees, including, but not limited to, plan review fees, Impact Fees, hookup fees and inspection fees. Such fees shall be in amounts specified in the County's Vested Laws, or, as applicable the County's Future Laws. However, the timing of the imposition and collection of such fees shall be governed by the County's Vested Laws.

13. **Construction Standards and Requirements.**

13.1. **Building and Grading Permits.** No buildings or other structures shall be constructed within the Project without Master Developer and/or a Sub-Developer first obtaining building permits. Master Developer and/or a Sub-Developer may apply for and obtain a grading permit following preliminary approval by the Planning Commission of a Commercial Site Plan or a Subdivision Plat if Master Developer and/or a Sub-Developer has submitted and received approval of a site grading plan from the County Engineer. All such permits will be issued if Master Developer and/or a Sub-Developer comply with the terms of this MDA and the County's Vested Laws.

13.2. **County and Other Governmental Agency Permits.** Before beginning construction or development of any buildings, structures or other work or improvements upon any portion of the Project,

Master Developer or a Sub-Developer shall, at its expense, secure, or cause to be secured, any and all permits which may be required by the County or any other governmental entity having jurisdiction over the work. The County shall reasonably cooperate with Master Developer or a Sub-Developer in seeking to secure such permits from other governmental entities.

14. **Provision of Services.** The County shall provide all County services to the Project that it provides from time-to-time to other residents and properties within the County including, but not limited to, police and other emergency services. Such services shall be provided to the Project at the same levels of services, on the same terms and at the same rates as provided to other residents and properties in the County.

15. **Default.** Before any party will be deemed to be in Default under the terms of this MDA, the party asserting a default will give written notice of the alleged Default (“**Notice of Default**”) pursuant to Section 15.1 and Section 15.2, and the defaulting party will have the opportunity to cure the same. The Cure Period for administrative Defaults as set forth in Section 15.3. An exception to the requirement for a Cure Period for emergency defaults is set forth in Section 15.4. An option for a meet and confer process available in certain circumstances is set forth in Section 15.5. The public process required before the County imposes remedies for an alleged default is set forth in Section 15.6. The remedies available to the parties for an uncured Default are set forth in Section 15.7.

15.1. **Notice.** If Master Developer or a Sub-Developer or the County fails to perform their respective obligations hereunder or to comply with the terms hereof or otherwise materially breaches this MDA, the party believing that a Default has occurred shall provide a Notice of Default to the other party. If the County believes that the Default has been committed by a Sub-Developer, then the County shall also provide a courtesy copy of the Notice of Default to Master Developer.

15.2. **Contents of the Notice of Default.** The Notice of Default shall:

- (a) Claim of Default. Specify the claimed event of Default and describe all facts describing or supporting the allegation of Default.

(b) Identification of Provisions. Identify with particularity the provisions of any applicable law, rule, regulation, or provision of this MDA that the defaulting party is alleged to have breached or failed to comply with.

(c) Specify Nature of Default. Identify whether the Default is claimed to be administrative or substantive. For purposes of this MDA, the following constitute an administrative Default: (i) the failure to pay any sums when the same are due under the terms of this MDA; (ii) the failure to approve a Development Application within the timeframe required by this MDA. For purposes of this MDA, a substantive Default is any other material breach of the parties' obligations under this MDA.

15.3. **Cure Period.** After receipt of any Notice of Default, the defaulting party will have the period set forth in this paragraph ("**Cure Period**") within which to cure the alleged Default before the non-defaulting party can exercise remedies under Section 15.7. For an administrative Default, the Cure Period will be five (5) business days. For a substantive Default, the Cure Period will be sixty (60) days; provided, however, that if any substantive Default cannot be reasonably cured within sixty (60) days, then the Cure Period shall be extended so long as the defaulting party commenced a cure within such sixty (60) days and is pursuing a cure with reasonable diligence.

15.4. **Emergency Defaults.** Anything in this MDA notwithstanding, if the Commissioners find on the record at a duly noticed public meeting that a default presents an imminent risk to public health or safety, and that any delays in imposing a remedy for such a default would exacerbate risks to public health or safety, then the County may impose the remedies of Section 15.7 without satisfying the requirements of Section 15.5 or Section 15.6. The County shall give Notice to the Master Developer and/or any applicable Sub-Developer of any public meeting at which an emergency default is to be considered and the Master Developer and/or any applicable Sub-Developer shall be allowed to address the Commissioners at that meeting regarding the claimed emergency Default.

15.5. **Meet and Confer for Substantive Defaults.** If the Notice of Default identifies a substantive Default, and the party receiving a Notice of Default believes that no facts giving rise to a Default have occurred, then prior to the expiration of the Cure Period such party may provide to the other party written notice that allegations of Default are disputed (“**Notice of Dispute**”). Upon delivery of a Notice of Dispute, the parties shall engage in the “Meet and Confer” process specified in Section 6.7 with respect to the allegations of Default. Upon delivery of a Notice of Dispute, neither party will be entitled to exercise remedies for the alleged Default unless the parties have engaged in the Meet and Confer process, no resolution has occurred, and the alleged Default remains uncured.

15.6. **Public Meeting.** Except as otherwise provided in this MDA, before any remedy in Section 15.7 may be imposed by the County: (a) the party allegedly in Default shall be afforded the right to attend and present evidence at a public meeting before the Commissioners and address the claimed Default. The Commissioners must find, on the record, that a default has occurred, and that the County is authorized to pursue one of the remedies set forth in Section 15.7.

15.7. **Remedies.** If the defaulting party has not cured the alleged default within the Cure Period, or the parties are not able to resolve the alleged default by the “Meet and Confer” process, then the parties may exercise any of the following as the parties’ exclusive remedies:

15.7.1. Legal Remedies. The rights and remedies available at law and in equity, including injunctive relief and specific performance, including monetary damages which may be asserted before a court or in binding arbitration as provided in Section 15.9.

15.7.2. Development Applications. If the Default is on the part of the Master Developer or a Sub-Developer, then the County may, notwithstanding Section 6.3, withhold approval for any Development Applications submitted by such defaulting party which pertain or relate to the same facts or conduct which gave rise to the Default. However, no approvals may be withheld with respect to any other Development Applications, including Development Applications submitted by any non-defaulting party.

15.7.3. Self-Help. In the event of a Default by the County, to the extent possible, Master Developer and/or Sub-Developer shall perform the County’s obligations. In such an event, the County shall

reimburse Master Developer and/or Sub-Developer for the costs incurred associated with the performance of the County's obligations within ten (10) days after written demand. If the County fails to reimburse Master Developer and/or Sub-Developer within such ten (10) day period, the amount due shall accrue interest at the Interest Rate. Notwithstanding the foregoing, if any amount owed by the County to Master Developer and/or the Sub-Developer is not paid within ninety (90) days after such amount is due, Master Developer and/or the Sub-Developer shall have the right to exercise any remedies available under this MDA, at law or in equity against the County.

15.7.4. Enforcement of Security. The right to draw on any security posted or provided in connection with the Project and relating to remedying of the particular Default.

15.8. **Sub-Developer Default**. Notwithstanding any contrary provision of this MDA, no default on the part of a Sub-Developer will be deemed a default on the part of Master Developer or any other Sub-Developer. In the event of a default on the part of a Sub-Developer, the County will have no right to exercise any of the rights available under Section 15.6 with respect to Master Developer or any other Sub-Developer

15.9. **Binding Arbitration**. In the event of any dispute regarding the interpretation or enforcement of this MDA, including an action for remedies set forth in Section 15.7 if the conditions for asserting such remedies have been satisfied, the parties may elect to pursue binding arbitration under the auspices of the American Arbitration Association ("AAA"). Likewise, if any party elects to pursue a claim in court, the other party may compel arbitration with the AAA pursuant to this provision. In any such proceeding, the parties agree that the AAA's commercial arbitration and mediation rules will apply. The parties further agree that notwithstanding the dollar amount of any claim, the AAA's expedited procedures (rules E-1 through E-10) will apply to the fullest extent possible. The parties will select a single arbitrator whose decision in the matter or matters presented will be final. If the parties cannot agree on an arbitrator, the parties will each select a third-party delegate who is a licensed member of the Utah State Bar, and those delegates will jointly select the single arbitrator. The parties agree that the venue for any arbitration will be Weber County or Salt Lake County, State of Utah.

16. **Notices.** All notices required or permitted under this MDA shall, in addition to any other means of transmission, be given in writing by certified mail and regular mail to the following address:

To Master Developer: JDC Ranch Properties, LLC

With a copy to:

16.1. **Effectiveness of Notice.** Except as otherwise provided in this MDA each Notice shall be effective and shall be deemed delivered on the earlier of:

16.1.1. **Physical Delivery.** Its actual receipt if delivered personally, by courier service, or by facsimile, provided that a copy of the facsimile Notice is mailed or personally delivered as set forth herein on the same day and the sending party has confirmation of transmission receipt of the Notice.

16.1.2. **Electronic Delivery.** Its actual receipt if delivered electronically by email, provided that a copy of the email is printed out in physical form and mailed or personally delivered as set forth herein on the same day and the sending party has an electronic receipt of the delivery of the Notice.

16.1.3. **Mail Delivery.** On the day, the Notice is postmarked for mailing, postage prepaid, by First Class or Certified United States Mail and actually deposited in or delivered to the United States Mail. Any party may change its address for Notice under this MDA by giving written Notice to the other party in accordance with the provisions of this Section.

17. **Administrative Actions.**

17.1. **Allowable Administrative Actions.** The following modifications to this MDA may be considered and approved by the Administrator and shall be approved if not materially detrimental to the purposes of this MDA.

17.1.1. Infrastructure. Modification of the location and/or sizing of the Project Infrastructure that does not materially change the functionality of the Project Infrastructure.

17.1.2. Rights-of-Way. Right-of-way modifications that do not involve the altering or vacating of a previously dedicated public right of way.

17.1.3. Design Guidelines. Modifications of the Design Guidelines.

17.1.4. Technical Edits. Minor technical edits or inconsistencies necessary to clarify or modify documents consistent with their intended purpose.

17.1.5. Building Permits. The issuance of Building Permits.

17.1.6. Open Space. The configuration and phasing of the portion of Open Space to be dedicated to the County.

Except with respect to the listed Administrative Actions described in Section 17.1 above, all other reviews, actions, approvals, and/or consents with respect to a Development Application concerning a portion of the Property shall be deemed and considered Material Actions and shall be processed in accordance with the County's Vested Laws and this MDA.

17.2. **Application to Administrator.** Applications for Administrative Action shall be filed with the Administrator.

17.2.1. Administrator's Review of Administrative Action. The Administrator shall consider and decide upon all applications for Administrative Action within 30 days of the filing of such application.

17.2.2. Notification Regarding Administrator's Disapproval. If the Administrator intends to disapprove any Administrative Action, the Administrator shall notify the Master Developer in writing of the proposed disapproval.

17.2.3. Appeal of Administrator’s Denial of Administrative Action. If the Administrator denies any proposed Administrative Action, the Applicant may appeal the denial and process the proposed Administrative Action as a Modification Application. On appeal, the Commissioners shall evaluate the application as provided in this Section 17.

18. **Amendment.** Except for Administrative Actions, any future amendments to this MDA shall be considered as Modification Applications subject to the following processes.

18.1. **Who may Submit Modification Applications.** Only the County and Master Developer or an assignee that succeeds to all of the rights and obligations of Master Developer under this MDA (and not including a Sub-Developer) may submit a Modification Application.

18.2. **Modification Application Contents.** Modification Applications shall:

18.2.1. Identification of Property. Identify the property or properties affected by the Modification Application.

18.2.2. Description of Effect. Describe the effect of the Modification Application on the affected portions of the Project.

18.2.3. Identification of Non-County Agencies. Identify any Non-County agencies potentially having jurisdiction over the Modification Application.

18.2.4. Map. Provide a map of any affected property and all property within three hundred feet (300’) showing the present or Intended Uses and density of all such properties.

18.3. **County Cooperation in Processing Modification Applications.** The County shall cooperate reasonably in promptly and fairly processing Modification Applications.

18.4. **Planning Commission Review of Modification Applications.**

18.4.1. Review. All aspects of a Modification Application required by law to be reviewed by the Planning Commission shall be considered by the Planning Commission as soon as reasonably possible in light of the nature and/or complexity of the Modification Application.

18.4.2. Recommendation. The Planning Commission's vote on the Modification Application shall be only a recommendation and shall not have any binding effect on the consideration of the Modification Application by the Commissioners.

18.5. **Commissioners' Review of Modification Application**. After the Planning Commission, if required by law, has made, or been deemed to have made its recommendation of the Modification Application the Commissioners shall consider the Modification Application.

18.6. **Commissioners' Denial of Modification Applications**. If the Commissioners do not approve the Modification Application, the Commissioners shall provide a written explanation advising the Applicant of the reasons for denial including specifying the reasons the County believes that the Modification Application is not consistent with the intent of this MDA and/or the County's Vested Laws.

18.7. **Meet and Confer Regarding Modification Applications**. The Commissioners and Master Developer shall meet within fifteen (15) business days of any denial to resolve the issues presented by the Modification Application and any of the Commissioners' concerns.

19. **Estoppel Certificate**. Upon fifteen (15) business days' prior written request by Master Developer or a Sub-Developer, the County will execute an estoppel certificate to any third party seeking to purchase all or a portion of the Property or lend funds against the same in a form reasonably acceptable to Master Developer and/or a Sub-Developer certifying that Master Developer or a Sub-Developer, as the case maybe, at that time is not in default of the terms of this MDA.

20. **Entire Agreement. This MDA, and all Exhibits thereto, is the entire agreement between the Parties** and may not be amended or modified except either as provided herein or by a subsequent written amendment signed by all parties.

21. **Headings**. The captions used in this MDA are for convenience only and a not intended to be substantive provisions or evidence of intent.

22. **No Third-Party Rights/No Joint Venture**. This MDA does not create a joint venture relationship, partnership or agency relationship between the County and Master Developer. Further, the parties do not intend this MDA to create any third-party beneficiary rights. The parties acknowledge that this MDA refers

to a private development and that the County has no interest in, responsibility for or duty to any third parties concerning any improvements to the Property unless the County has accepted the dedication of such improvements at which time all rights and responsibilities for the dedicated public improvement shall be the County's.

23. **Assignability**. The rights and responsibilities of Master Developer under this MDA may be assigned in whole or in part by Master Developer as provided herein.

23.1. **Certain Sales not an Assignment**. Master Developer's selling or conveying lots in any approved Subdivision or Parcels to builders, users, Sub-Developers, or homeowners shall not be deemed to be an "assignment" unless specifically designated an assignment by Master Developer.

23.2. **Related Party Transfer**. Master Developer's transfer of all or any part of the Property to any entity "related" to Master Developer (as defined by regulations of the Internal Revenue Service), Master Developer's entry into a joint venture for the development of the Project or Master Developer's pledging of part or all of the Project as security for financing shall also not be deemed to be an "assignment" unless specifically designated as such an assignment by Master Developer. Master Developer shall give the County Notice of any event specified in this sub-section within ten (10) days after the event has occurred. Such Notice shall include providing the County with all necessary contact information for the newly responsible party.

23.3. **Notice**. Master Developer shall give Notice to the County of any proposed assignment and provide such information regarding the proposed assignee that the County may reasonably request in making the evaluation permitted under this Section. Such Notice shall include providing the County with all necessary contact information for the proposed assignee.

23.4. **Approval**. Master Developer may assign the rights and obligations hereunder without the County's consent to any person or entity who agrees in writing to assume such rights and obligations. Any other assignment must be approved by the County. Unless the County objects in writing within twenty (20) business days the County shall be deemed to have approved of and consented to the assignment.

23.5. **Partial Assignment.** If any proposed assignment is for less than all of Master Developer's rights and responsibilities, then the assignee shall be responsible for the performance of each of the obligations contained in this MDA to which the assignee succeeds. Upon any such approved partial assignment, Master Developer shall be released from any future obligations as to those obligations which are assigned but shall remain responsible for the performance of any obligations that were not assigned.

23.6. **Grounds for Denying Assignment.** When the County's consent is required, the County may only withhold its consent if the County is not reasonably satisfied of the assignee's ability to perform the obligations of Master Developer proposed to be assigned. Any refusal of the County to accept an assignment shall be subject to the "Meet and Confer" process specified in Section 6.5.

23.7. **Assignee Bound by this MDA.** Any assignee shall be bound by the assigned terms and conditions of this MDA as a condition precedent to the effectiveness of the assignment.

24. **Binding Effect.** If Master Developer sells or conveys Parcels of land to Sub-Developers or related parties, the lands so sold and conveyed shall bear the same rights, privileges, Intended Uses, configurations, and Residential Dwelling Units as applicable to such Parcel and be subject to the same limitations and rights of the County when owned by Master Developer and as set forth in this MDA without any required approval, review, or consent by the County except as otherwise provided herein.

25. **No Waiver.** Failure of any party hereto to exercise any right hereunder shall not be deemed a waiver of any such right and shall not affect the right of such party to exercise at some future date any such right or any other right it may have.

26. **Severability.** If any provision of this MDA is held by a court of competent jurisdiction to be invalid for any reason, the parties consider and intend that this MDA shall be deemed amended to the extent necessary to make it consistent with such decision and the balance of this MDA shall remain in full force and affect.

27. **Force Majeure.** Any prevention, delay or stoppage of the performance of any obligation under this MDA which is due to strikes, labor disputes, inability to obtain labor, materials, equipment or reasonable substitutes therefor; pandemics, acts of nature, drought (including weather conditions that delay or prevent

the installation of certain landscaping), governmental restrictions, regulations or controls, judicial orders, enemy or hostile government actions, wars, civil commotions, fires or other casualties or other causes beyond the reasonable control of the party obligated to perform hereunder shall excuse performance of the obligation by that party for a period equal to the duration of that prevention, delay or stoppage.

28. **Time is of the Essence.** Time is of the essence to this MDA and every right or responsibility shall be performed within the times specified.

29. **Appointment of Representatives.** To further the commitment of the parties to cooperate in the implementation of this MDA, the County, and Master Developer each shall designate and appoint a representative to act as a liaison between the County and its various departments and Master Developer. The initial representative for the County shall be the Administrator and the initial representative for Master Developer shall be Bryan Bayles. The parties may change their designated representatives by written Notice.

30. **Mutual Drafting.** Each party has participated in negotiating and drafting this MDA and therefore no provision of this MDA shall be construed for or against either party based on which party drafted any particular portion of this MDA.

31. **Applicable Law.** This MDA is entered into in Weber County in the State of Utah and shall be construed in accordance with the laws of the State of Utah irrespective of Utah's choice of law rules.

32. **Venue.** Any action to enforce this MDA shall be brought only in the Second Judicial District Court for the State of Utah, Weber County.

33. **Recordation and Running with the Land.** This MDA shall be recorded in the chain of title for the Project. This MDA shall be deemed to run with the land.

34. **Authority.** The parties to this MDA each warrant that they have all the necessary authority to execute this MDA. Specifically, on behalf of the County, the signature of the Chair of the County Commissioners for the County is affixed to this MDA lawfully binding the County pursuant to Resolution No. _____ adopted by the County on _____, 2022.

LEGAL DESCRIPTION TO BE ADDED

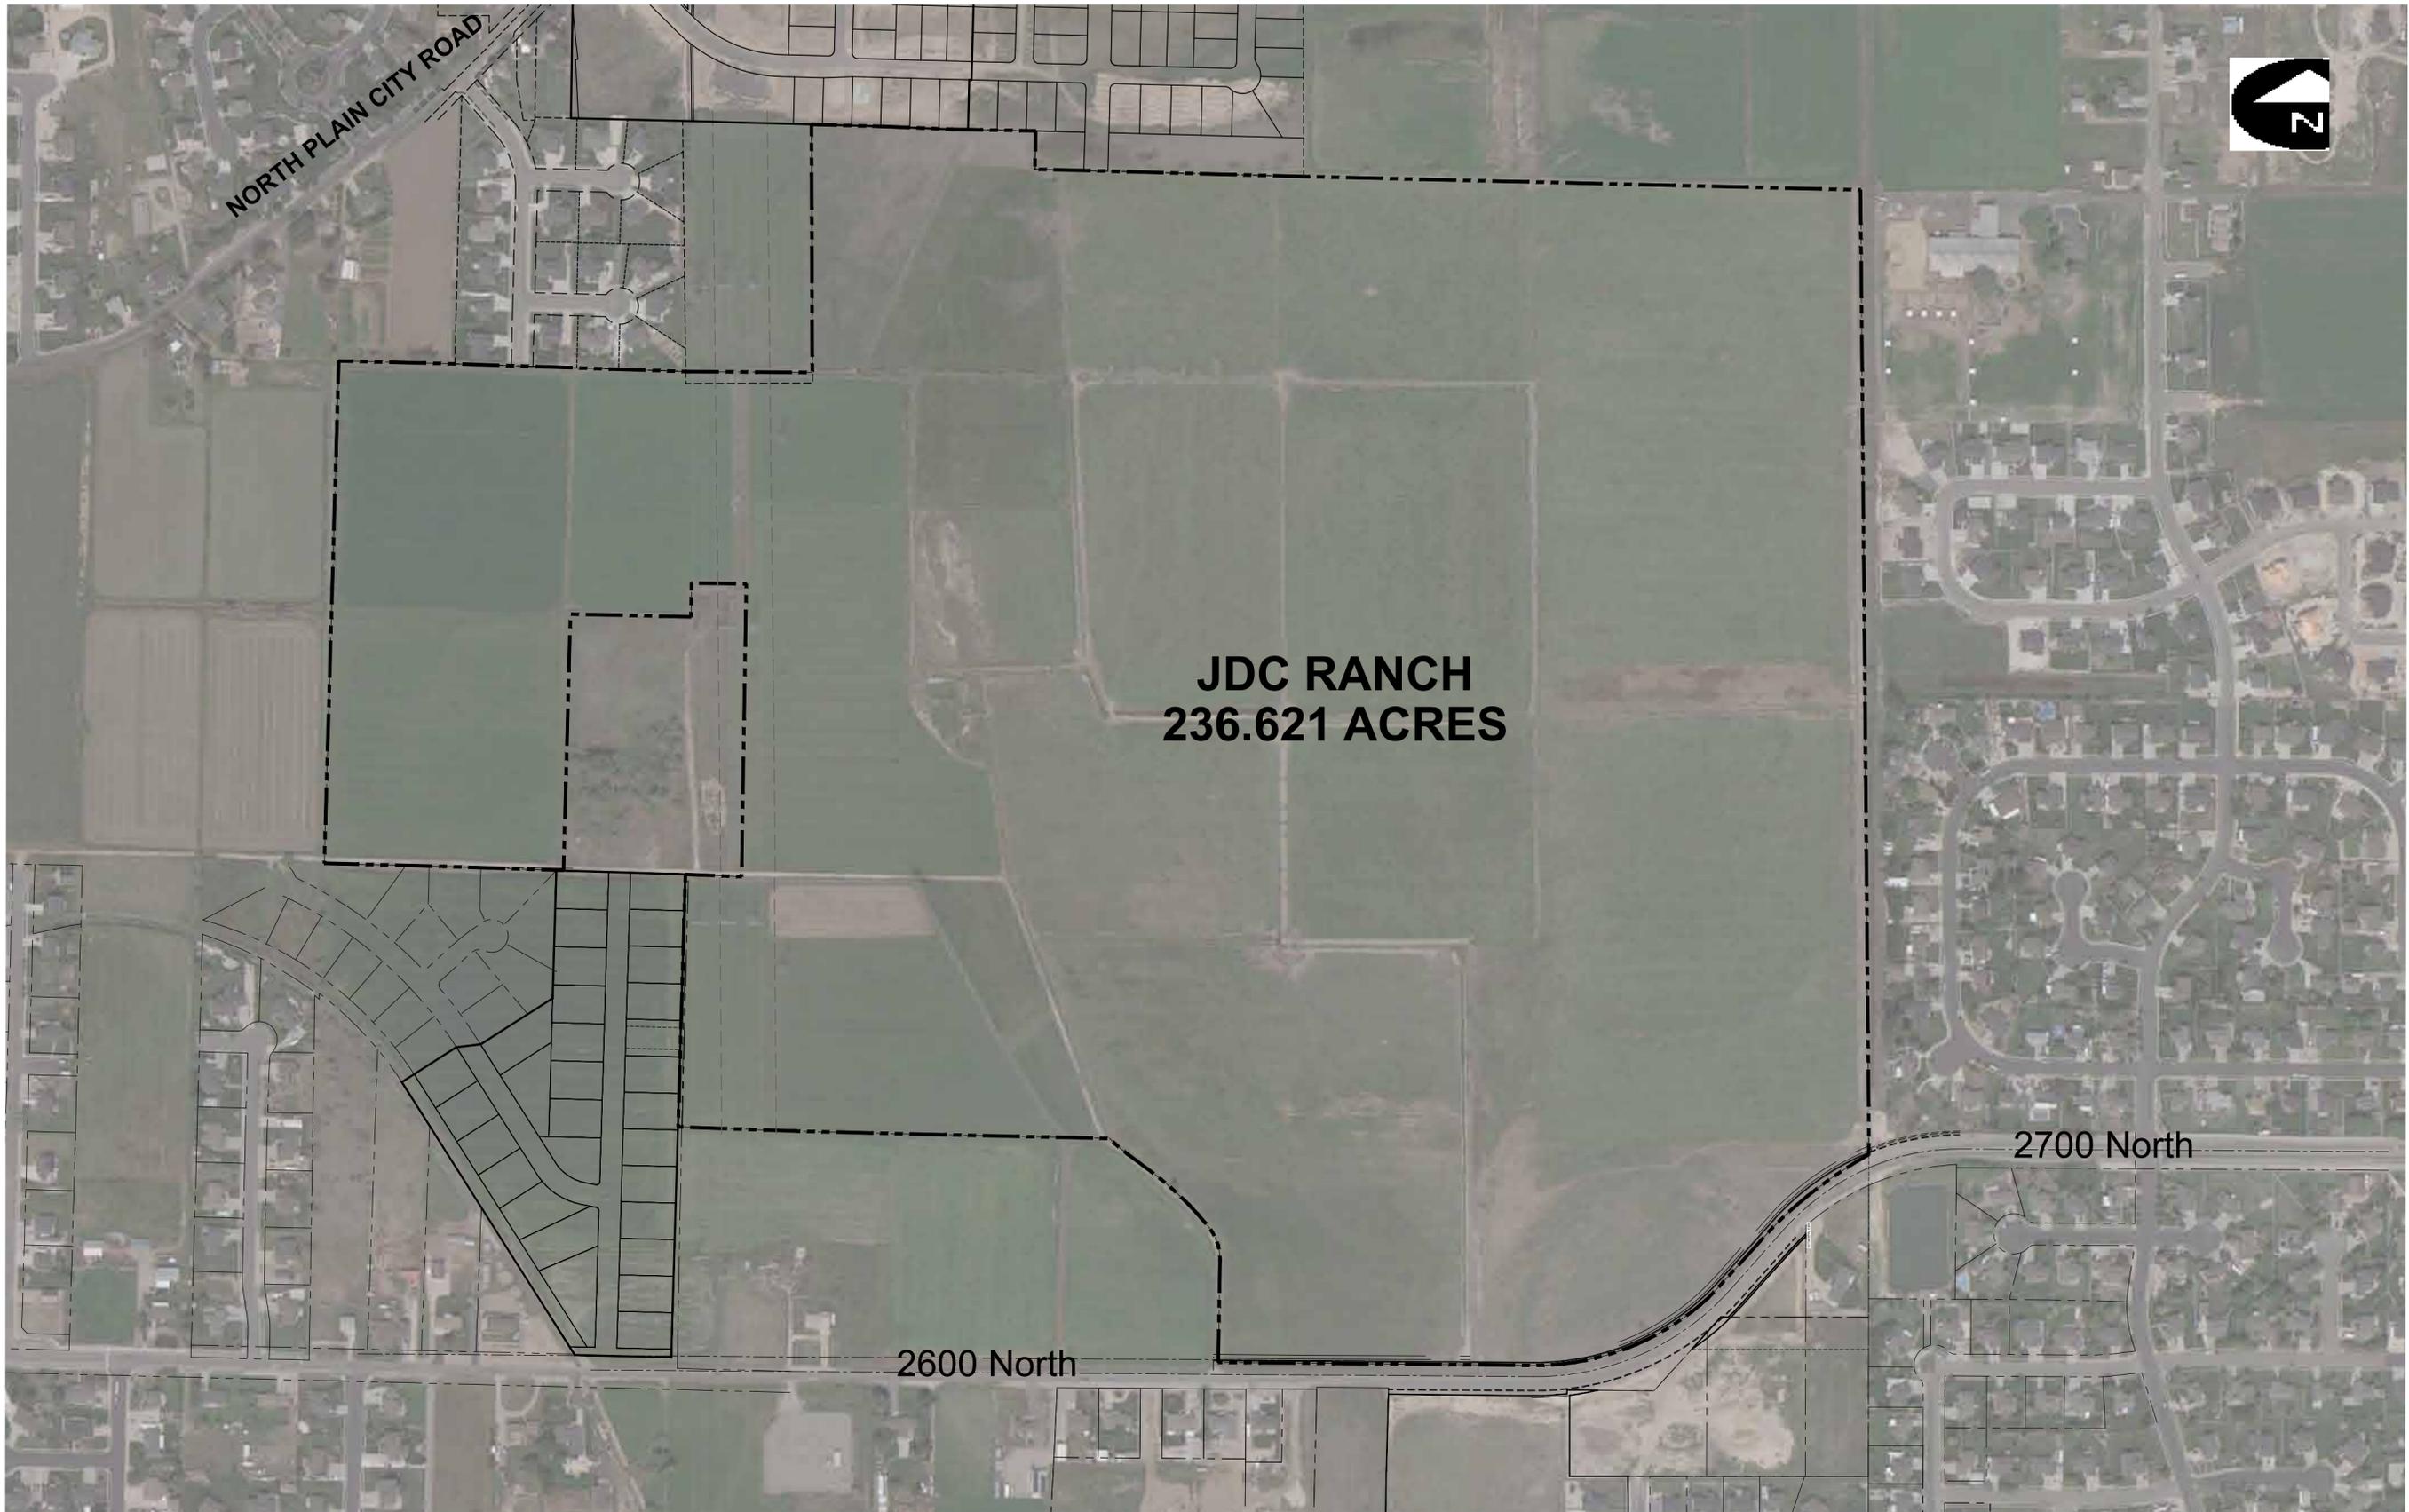

EXHIBIT B

(Table of Definitions of Terms)

Act means the County Land Use, Development, and Management Act, Utah Code §§ 17-27a-101, *et seq.*, in effect as of the date of this MDA.

Administrative Action means and includes the actions related to this MDA that may be approved by the Administrator as provided in Section 17.

Administrator means the director of the County's planning department, who is the person designated by the County as the Administrator of this MDA.

Applicant means a person or entity submitting a Development Application, a Modification Application, or a request for an Administrative Action.

Building Permit means a permit issued by the County to allow construction, erection or structural alteration of any building, structure, private or public infrastructure, or Project Infrastructure on any portion of the Project, or to construct any Off-Site Infrastructure.

Buildout means the completion of all of the development, including all infrastructure, Residential Dwelling Units, Open Space, trails, and Pocket Parks, on all of the Property for all of the Project.

CC&Rs means the Conditions, Covenants and Restrictions regarding certain aspects of design and construction on the Property to be recorded in the chain of title on the Property.

Code means the portion of the County's Vested Laws containing the County's land use regulations adopted pursuant to the Act.

Commercial Site Plan means a plan identifying the use of commercial space included in a Development Application for any portion of the Project with a commercial zoning designation.

Commissioners means the elected County Commissioners of the County.

County means Weber County, a political subdivision of the State of Utah.

County Consultants means those outside consultants employed by the County in various specialized disciplines such as traffic, hydrology, legal or drainage for reviewing certain aspects of the development of the Project.

County Infrastructure means the portion of the Project Infrastructure for which the County is responsible as set forth in this MDA and Infrastructure Plan.

County's Future Laws means the ordinances, policies, standards, procedures and processing fee schedules of the County which may be in effect as of a particular time in the future when a Development Application is submitted for a part of the Project and which may be applicable to the Development Application depending upon the provisions of this MDA.

County's Vested Laws means the ordinances, policies, standards and procedures of the County related to zoning, subdivisions, development, public improvements and other similar or related matters that were in effect as of the date of this MDA, as more particularly described in Exhibit K.

Default means an uncured breach of this MDA.

Denied or **Denial** means a formal denial issued by the final decision-making body of the County for a particular type of Development Application but does not include review comments or "redlines" by County staff.

Development Application means an application to the County for development of a portion of the Project including a Subdivision, a Commercial Site Plan, a Building Permit or any other permit, certificate or other authorization from the County required for development of the Project.

Development Report means a report in a form substantially similar to the document attached hereto as Exhibit L containing the information specified in Sections 4.3 and 4.4 submitted to the County by Master Developer for the development by Master Developer of any Parcel or Sub-Area.

Development Standards means the standards approved by the County as a part of the County’s Vested Laws controlling certain aspects of the design and construction of the development of Property including setbacks, building sizes, height limitations, parking, and signage, and the design and construction standards for buildings, roadways, and infrastructure.

Dwelling, Short-Term Rental, or Lease means the use, occupancy, rent or lease, for direct or indirect remuneration, of a Residential Dwelling Unit for an effective term of less than thirty (30) days.

Final Plat means the recordable map or other graphical representation of land prepared in accordance with Utah Code § 17-27a-603, and the County’s subdivision ordinance which has been approved by the County, effectuating a Subdivision of any portion of the Property.

Hard Costs means the actual reasonable cost associated with the installation and construction of the Project Infrastructure, including the costs of materials, contractor’s insurance, and contractor’s overhead.

Homeowner Association(s) (or “HOA(s)”) means one or more associations formed pursuant to Utah law to perform the functions of an association of property owners.

Impact Fees means those fees, assessments or payments of money imposed by the County as a condition on development activity as specified in Utah Code §§ 11-36a-101, *et seq.*

Intended Uses means those permitted and conditional which are allowed in applicable zones for the Project, as shown on the Village Plan, or as set forth in the County’s Vested Laws and on the Table of Uses.

Interest Rate means the interest rate of eight percent (8%) per annum.

Master Developer means JDC Ranch Properties LLC, a Utah limited liability company, and its assignees or transferees as permitted by this MDA.

MDA means this Master Development Agreement including all Exhibits.

Modification Application means an application to amend, modify or supplement this MDA (not including those changes which may be made by Administrative Action).

Non-County Agency means a governmental or quasi-governmental entity, other than those of the County, which has jurisdiction over the approval of any aspect of the Project.

Notice means any notice to or from any party to this MDA that is either required or permitted to be given to another party.

Off-Site Infrastructure means those items of public or private infrastructure specified in the Infrastructure Plan necessary for development of the Property such as roads and utilities that are not on the site of any portion of the Property. Off-Site Infrastructure may include both “System Improvements” and “Project Improvements” as those terms are defined in the Utah Impact Fees Act, Utah Code § 11-36a-101 et seq.

On-Site Infrastructure means those items of public or private infrastructure as a condition of the approval of a Development Application that are necessary for development of the Property such as roads or utilities and that are located on that portion of the Property which is subject to a Development Application, excluding any Off-Site Infrastructure. On-Site Infrastructure may include both “System Improvements” and “Project Improvements” as those terms are defined in the Utah Impact Fees Act, Utah Code § 11-36a-101 et seq.

Open Space means meaningful areas of the Property or Project that are preserved for open space, trails, playgrounds including Pocket Parks, recreation areas, clubhouses, amenities, pools, tennis or basketball courts, wetland preservation and riparian and forested enhancements, storm water detention areas, natural areas or areas of native vegetation, trails and similar improvements, including parking and access for such amenities. The proposed Open Space for the project is described in greater particularity on **Exhibit H** attached hereto.

Parcel means a Sub-Area of the Project proposed in a Development Application for development of a particular type of Intended Use that is not an individually developable lot.

Phase means the development of a portion of the Project at a point in a logical sequence as determined by Master Developer.

Planning Commission means the County’s Planning and Zoning Commission established by the Zoning Ordinance.

Pocket Parks means a park or landscaped open space which may have playground equipment and which is intended to serve the residential neighborhood that it is located in. A Pocket Park may be co-located with a storm water detention facility.

Project means the development to be constructed on the Property pursuant to this MDA with the associated public and private facilities, Intended Uses, Phases, and all of the other aspects approved as part of this MDA including its Exhibits.

Project Infrastructure means those items of public or private infrastructure which are a condition of the approval of a Development Application because they are necessary for development of the Property such as local roads or utilities and that are located on that portion of the Property which is subject to a Development Application. Project Infrastructure may include both “System Improvements” and “Project Improvements” as those terms are defined in the Utah Impact Fees Act, Utah Code § 11-36a-101 et seq.

Property means the real property subject to this MDA as more fully described in **Exhibit A**.

Residential Dwelling Unit means a unit intended to be occupied for long term residential living purposes whether an attached or detached single family dwelling, a multifamily dwelling, or apartment unit, but does not include hotel rooms or any units within a senior care facility.

Soft Costs means the actual reasonable costs and expenses associated with the design, layout, complete construction documents by an engineer, any engineering or architectural fees or costs, design review fees or costs, legal fees and costs, financing costs, costs of bonds or security, insurance, and the costs of permits and fees associated with the Project Infrastructure.

Sub-Area means a portion of the Project designated for future residential development.

Sub-Developer means an entity not “related” (as defined by Internal Revenue Service regulations) to Master Developer which purchases a Parcel for development.

Subdivision means the division of any portion of the Project into a subdivision pursuant to State law and/or the Code.

Total Approved Residential Units means the Seven Hundred Twenty-Five (725) Residential Dwelling Units which are entitled to be constructed within the Project. Notwithstanding the foregoing, if the Project is expanded, then any amendment to this MDA increases the Total Approved Residential Units and will specify the revised and augmented number of Total Approved Residential Units.

EXHIBIT E
(Approval Process)

The purpose of this Exhibit is to describe the process for review and approval of all Development Applications necessary for the Project in accordance with the MDA after the MDA is signed and adopted. Substantive standards for approval of Development Applications will be those set forth in this MDA and in the County's Vested Laws.

The parties to the MDA agree that the County hereby adopts the following descriptions and processes for the Project to supplant and replace the current corresponding processes under the County's Vested Laws, but only to the extent these descriptions and processes conflict with the County's Vested Laws.

1. Processes

1.1 Applicability. All Preliminary and Final Subdivision Plat applications made pursuant to the MDA for the Project shall be reviewed by the County only for conformance with this MDA.

1.2 Decision Maker. All Preliminary and Final Subdivision Plat applications shall be administrative reviews and shall be conducted and decided upon by the Administrator who shall be the final decision maker for both preliminary and final plats.

1.3 Application and Review Process. The following process shall govern all Preliminary and Final Plat applications and approvals for the Project under the MDA:

1.3.1 Preliminary Plat

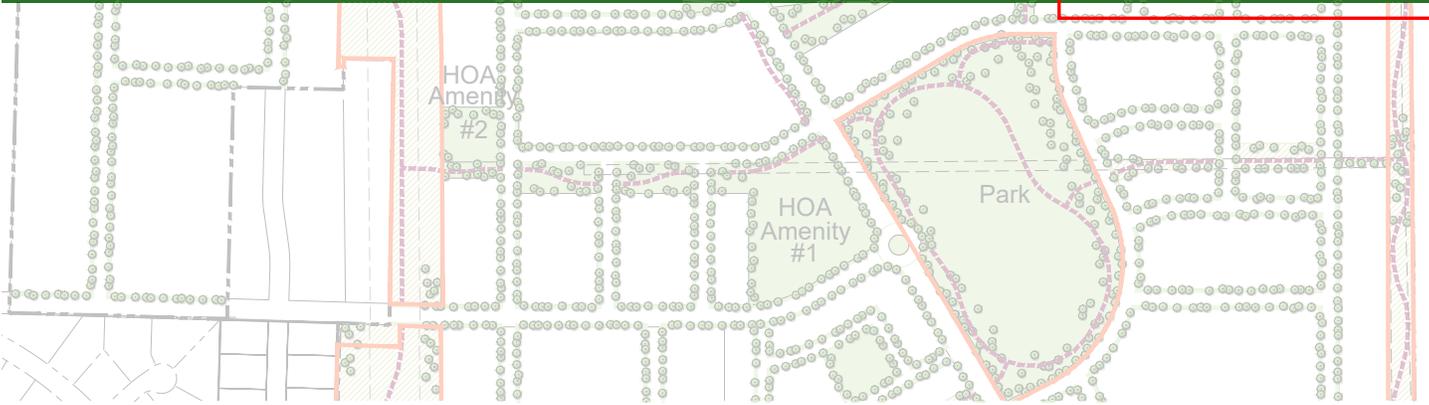

1.3.1.1 Have pre-application meeting with planning staff to identify which phase or portion of the Project that Master Developer or Sub-Developer is applying for.

- 1.3.1.2 Submit application to County staff.
- 1.3.1.3 Staff determines completeness and conducts internal review among agencies for conformance with MDA and the County's Vested Laws.
- 1.3.1.4 Application then reviewed by Administrator who either approves the preliminary plat or asks for modifications to conform with this MDA before approving.
- 1.3.1.5 If necessary, the Master Developer or Sub-Developer re-submits plat to address Administrator's requested modifications, then Administrator shall approve the preliminary plat.

1.3.2 Final Plat

- 1.3.2.1 After receiving approval of preliminary plat, the applicant (either Master Developer or Sub-Developer) then prepares final plat and submits to the Administrator for review.
- 1.3.2.2 The Administrator then reviews and approves the final plat if it conforms with the approved preliminary plat.
- 1.3.2.3 Master Developer or Sub-Developer finalizes plat in accordance with the Administrator's approval.
- 1.3.2.4 Master Developer or Sub-Developer then records the plat.

A. Introduction

The Master Plan for this project was developed with the ability to adapt with flexibility to the changing market, cultural and commercial conditions during the course of the project build-out. While the plan allows a high degree of flexibility in layout and distribution of land uses throughout the site, these project guidelines incorporate additional detail to guide development.

B. Project Guidelines

1. Design Review Committee

Residential land within the property will be subject to a Declaration of Covenants, Conditions and Restrictions (CC&Rs). The CC&Rs establishes a Design Review Committee (DRC), which DRC will make decisions by referring to the Design Standards but shall have the ability to reject any land use, building type or architectural elevations at its own discretion in accordance with the terms and conditions of the CC&Rs. The intent of the DRC is to ensure that the property is developed in a way that meets or exceeds the standards established by the MDA and to ensure a cohesive and quality development.

2. Purpose & Intent

The purpose of this document is to establish project standards which shall govern the site development, architectural, and landscape concepts for neighborhoods within the property boundaries that are unique to this property. Anything not addressed by the standards in Section C of these Design Standards will be subject to the conditions of the Weber County Municipal Code at the time of annexation unless otherwise noted in the development agreement.

3. Modification of Design Standards

The Design Standards (as administered by the DRC and property owner) are subject to change when the owner determines such changes are in the best interest of the property. Any change in these guidelines shall be in writing or documented and shall be at the sole discretion of the property owner. The modification of the Design Standards by the property owner shall in no way modify the standards set forth in these Project Guidelines in Section C.

C. Residential Building & Site Standards

1. Scope & Authority

Administrator shall review all applications for development within the project according to the standards outlined in this section. Any items not addressed in this section shall be reviewed in accordance with the current Weber County Code, subject to the terms and conditions of the MDA. Planning Commission shall require a written statement of approval from the Design Review Committee (DRC) stating compliance and approval for development by a third-party other than the master developer.

2. Residential Lot Design Standards

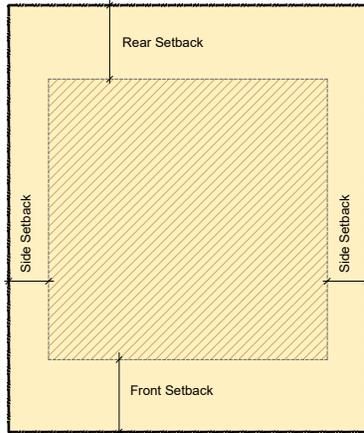

Minimum lot widths and setbacks shall be as follows (unless otherwise approved by the Administrator during plat approval for each phase):

<i>Lot Type</i>	<i>Min Lot Size</i>	<i>Front Setback (from right-of-way)</i>	<i>Rear Setback</i>	<i>Side-yard Setback</i>	<i>Lot Frontage*</i>	<i>Max Building Coverage</i>
Type 15	15,000 Sq Ft	20' for living area; 25' from face of garage to sidewalk	30'	8' (minimum 18' between structures)	90'	60%
Type 12	12,000 Sq Ft	20' for living area; 25' from face of garage to sidewalk	30'	8' (minimum 16' between structures)	80'	60%
Type 10	10,000 Sq Ft	20'	20'	8' (minimum 14' between structures)	70'	60%
Patio Home (detached)	6,000 Sq Ft	20'	20'	6' (min 12' between structures)	55'	n/a
Patio Home (attached)	Max 4 attached units	20'	15'	8' (min 16' between structures)	n/a	n/a
Clustered Single-family Cottages	Max 6 clustered units	10' (from right-of-way and between clustered units)	10'	Minimum 10' between structures	n/a	n/a
Town-homes	Max 4 attached units	20'	15'	Minimum 10' between structures	n/a	n/a

* Measured at front setback line

3. Residential Lot Standards

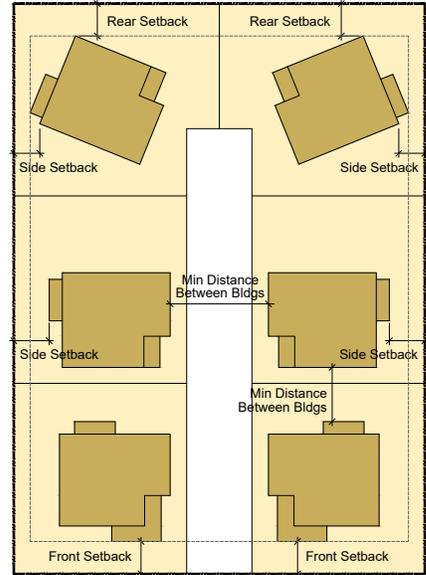

Typical setback measurements by product type:

Public Right-of-Way

Single-family Lots

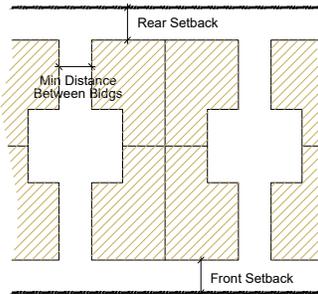

Type 15, Type 12, Type 10 & Patio Homes (Detached)

Public Right-of-Way

Clustered Single-family Cottages

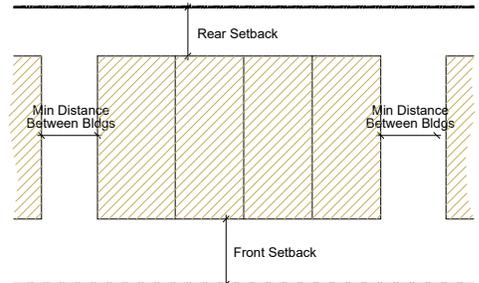

Typical 4 or 6 Homes (Clustered)

Public Right-of-Way

Patio Homes (Attached)

Typical

Public Right-of-Way

Townhomes

Maximum 4-plex

C. Residential Building & Site Standards *(continued)*

4. Residential Screening

For multi-family residential units that abut an 80' collector or greater, a wall or fence shall be required, along with required street tree plantings. Screening along any other street is not required for multi-family or single-family land uses.

5. Color

Use of color in residential external elevations is allowed. No restrictions on color may be applied to residential uses.

6. Architectural Detail

Detailing of architectural elevations shall be consistent with the architectural style of building.

7. Residential Building Heights

Building height restrictions shall be as follows (unless otherwise approved by the Planning Commission):

<i>Structure Type</i>	<i>Max Height including roof</i>
Single-family Residential	35'
Accessory Building	25'
Multi-family	35'

Additional restrictions for accessory structures:

- a. Must be located in back yard
- b. 5' setback off any property line
- c. 20' max height (including roof)
- d. Not to exceed maximum lot coverage

Building height is measured at the finished grade at the front two corners of the building to the ridgeline of the building.

8. Exterior Building & Architectural Elevation Standards

The County shall not impose architectural or aesthetic standards on the residences or other buildings within Project which exceed the building code provisions of the County's Vested Laws. Without in anyway limiting the foregoing, and by way of example only, the following are approved materials and design features:

<i>Exterior Building Material</i>	<i>Allowed</i>
Brick / Stone	Y
Stucco	Y
Fiber-cement siding	Y
Prefinished metal siding (vinyl or aluminum)	Y
Exposed architectural concrete	Y
Colored/Textured CMU Block	Y

<i>Architectural Building Elements</i>	<i>Allowed</i>
Front-facing Garage (without restriction)	Y
Side-facing Garage	Y

C. Residential Building & Site Standards *(continued)*

9. Typical Architectural Elevations

C. Residential Building & Site Standards *(continued)*

Architectural Building Elements	Allowed
Alley-loaded garage	Y

10. Parking Standards

Minimum lot widths and setbacks shall be as follows (unless otherwise approved by the Planning Commission):

Dwelling Type	Parking Required/Lot	Guest Parking Spaces	Notes
Single-family Residential (Detached)	2 sp/unit	0	Tandem parking to meet required parking is allowed behind garage spaces provided the space does not encroach into sidewalks or public rights-of-way (i.e. 20' min driveway depth from face of garage to back of sidewalk)
Multi-family Residential (Attached)	1.75 sp/unit	0.25 per unit	Tandem parking to meet required parking is allowed behind garage spaces provided the garage and tandem space are assigned to a specific unit and the space does not encroach into sidewalks or travel lanes. (i.e. 20' min driveway depth from face of garage to back of sidewalk)

11. Residential Landscape Standards

Commercial Landscape area

A minimum of 10% of commercial land use area shall be landscaped with appropriate landscape treatments. Any parking lot landscaping shall be counted toward this requirement.

Maximum turf grass

A maximum of 50% of the front or side setback of residential units facing a public right-of-way shall be turf or landscaped area, with the remainder treated with xeriscape or hardscape.

Side and rear setbacks

No landscape requirement shall apply to side or rear residential setbacks that do not abut a public right-of-way. These setbacks shall be landscaped at the discretion of the developer and/or homeowner.

Parkstrips

All parkstrips shall be installed with a xeriscape treatment, with required street tree and/or shrub plantings per the master plan detail, Exhibit H, Page 7.

Plant Material Requirements

Plant Type	Minimum Size
Deciduous Trees (Med-Large)	2" caliper
Flowering Trees (Small-Med)	1.5" caliper
Shrubs	Dependent on variety, spaced to provide 80% coverage at maturity
Groundcover	Dependent on variety, spaced to provide 100% coverage within three growing seasons

Turf Grass

Turf should be selected for appropriate microclimate and consideration of water useage.

Erosion Control

Areas of slope greater than 30 percent shall utilize plantings, mulch or cobble to control and prevent erosion.

Replacement

Within the first growing season, any dead or removed plants within the public right-of-way shall be replaced with the same or like plant material originally specified. Modifications may be made based on micro site conditions.

Design Scale

Scale and nature of landscape materials shall be appropriate to the size of the structures to be landscaped. Large buildings shall be complemented by plant materials that will reach appropriate design scale at maturity.

Pedestrian connectivity

- Pedestrian access from a public street shall be required to all commercial uses as required by Federal ADA guidelines.
- All pedestrian crossings throughout the development shall be at-grade and shall be striped/painted per public works standards.
- Pedestrian walkways throughout the development shall be constructed as generally illustrated in the accompanying master plans.

D. Commercial Building & Site Standards

1. Scope & Authority

Planning Commission shall review all applications for development within the project according to the standards outlined in this section. Any items not addressed in this section shall be reviewed in accordance with the current Weber County Code, subject to the terms and conditions of the MDA.. Planning Commission shall require a written statement of approval from the Design Review Committee (DRC) stating compliance and approval for development by a third-party other than the master developer.

2. Commercial Lot Standards

Minimum lot sizes and setbacks shall be as follows (unless otherwise approved by the Planning Commission):

<i>Lot Type</i>	<i>Min Lot Size</i>	<i>Front Setback</i>	<i>Rear Setback</i>	<i>Side-yard Setback</i>	<i>Max Building Coverage</i>
Lot Type Flex	None	15' Min	10'	15'	60%

3. Flex Village Land Uses

Allowed and conditional land uses for the Commercial land use in this master plan shall follow the Weber County Code of Ordinances, Section 104-20-3 Land Use Table for the C-2 zone (See Appendix A) with the following exceptions:

<i>Land Use</i>	<i>Allowed</i>
Self-storage facility	Permitted without exception
Assisted Living/ Long-term Care Facility	Permitted without exception

D. Commercial Building & Site Standards *(continued)*

4. Screening

Any portion of the rear elevation or loading area of a commercial use that abuts a public right-of-way shall be screened with a 6' wall or fence along the public right-of-way. Parking areas within 10' of a side or rear property line shall be screened with a wall or fence.

5. Commercial Building Heights

Building height restrictions shall be as follows (unless otherwise approved by the Planning Commission):

<i>Dwelling Type</i>	<i>Bldg Height</i>	<i>Height Measurement</i>
Commercial	45'	Maximum height measured to top of building
Office	60'	

Building height is measured at finished grade of front two building corners.

6. Exterior Building & Architectural Elevation Standards

Building materials for Flex Village developments shall conform, at a minimum, to conditions of the Design Review Committee.

<i>Exterior Building Material</i>	<i>Allowed</i>
Brick / Stone	Y
Wood	Y
Stucco	Y
Ornamental Metal Panels	Y
Fiber Cement Siding	Y
Precast concrete	Y
Storefront door & window systems	Y

7. Parking Standards

Minimum lot widths and setbacks shall be as follows (unless otherwise approved by the Planning Commission):

<i>Dwelling Type</i>	<i>Parking Required/ Net 1,000 Sq Ft</i>
Retail	4 sp
Restaurant	1 per table
Office	4 sp

8. Commercial Landscape Standards

Minimum landscape standards shall be as follows (unless otherwise approved by the Planning Commission):

- 1) Min 5% Landscape area within parking lots
- 2) Landscape islands shall be required at the end of each parking row.
- 3) Landscape islands (min 6' width) shall be required every 20 spaces within a parking row.
- 4) Landscape plantings within parking areas shall required 1 tree for every 500 square feet of parking area. Such tree plantings may be located within the parking area if the landscape island is greater than 10' in width, or may be located around the perimeter of the parking area.
- 5) Water-wise plantings and xeriscape treatment are required in all interior parking islands. A minimum of 20% of landscape islands shall be live plant material, with an appropriate irrigation supply.

9. Commercial Signage

Signage standards shall be as follows (unless otherwise approved by the Planning Commission):

- 1) Ground-mounted/freestanding signs shall not exceed the maximum building height and shall be a minimum of 10' setbacks from property lines. Ground signs shall be placed so as to not infringe on the sight triangle at vehicular turning movements.
- 2) Signs attached to building facades shall not exceed 25% of the face area of each public facing facades.
- 3) All signs may be illuminated with indirect lighting or back lighting.

AMENITY LIST

Christensen Park (Public)

- Level Lawn Area (225'x360')
- Community Amphitheater
 - Raised platform (20'x26')
 - Platform shelter (18'x24')
 - Electrical Service
- Restrooms
 - 2 Holes per gender
 - External-mounted drinking fountain
- Pavilion (Min 18'x24')
- Playground (Min 3 slides)
- Volleyball Court
- Pickleball Courts (4)
- Off-street Parking (Min 50 spaces)
- Benches (Min 10)
- Tree Plantings (Min 120 trees)

Bike Park & Dog Park
Bicycle Amenities are for illustrative purposes only. Layout will be subject to design.

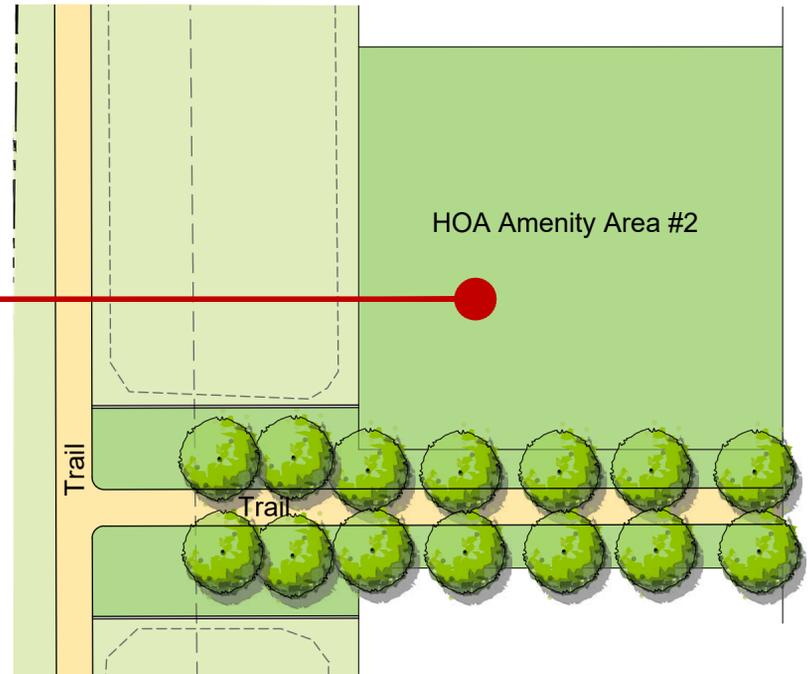

AMENITY LIST
Power Corridor

Dog Park (Public)

- 6' perimeter fencing
- Double-gated entries
- Benches (Min 3 benches)
- Pet waste bag dispensers (Min 2 dispensers)
- Off-street parking (Min 18 spaces)
- Shelter (Min 10'x10')

Bicycle Park (Public)

- Bicycle Playground (beginner-dirt/gravel track)
- Bicycle Pump Track (intermediate-dirt/gravel track)
- Benches (Min 3 benches)

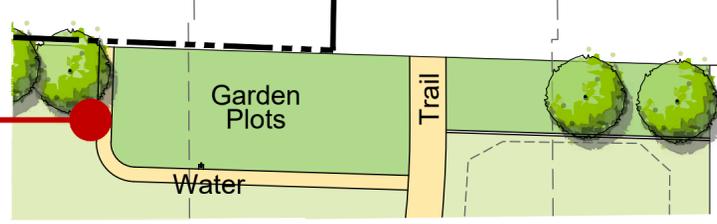

Clubhouse #2

AMENITY LIST
Power Corridor

Community Gardens (Private)

- Garden Plots
- Secondary Water access
- Future Expansion
- Perimeter Fencing

Open Space Plan

- NOTES:**
- 1) No turf grass allowed in park strips less than 6' within public rights-of-way.
 - 2) Trees shall be planted at 40' on center.
 - 3) Spacing of trees/shrub plantings may be adjusted to accommodate site utilities, driveways and sight triangle clearances at intersections.

83' RIGHT-OF-WAY

Typical Landscaping

- NOTES:**
- 1) No turf grass allowed in park strips less than 6' within public rights-of-way.
 - 2) Min 1 tree per lot frontage
 - 3) All irrigation within park strip area to be drip system
 - 4) Water-wise material to be placed over landscape weed fabric
 - 5) Spacing of trees/shrub plantings may be adjusted to accommodate site utilities, driveways and sight triangle clearances at intersections.
 - 6) Where concrete sidewalk is integral with curb and gutter (i.e. no park strip), required trees shall be planted within lawn areas a maximum of 6' from back of walk. No shrubs or perennials are required in this condition.
