**RE: Will Serve Letter, THIS IS NOT A FORMAL REVIEW OR
APPROVAL LETTER – ADDITIONAL SUBMITTALS REQUIRED.**

Dear Michael:

The District has reviewed the property located at 6544 Bybee Drive, parcel #07-100-0037. The District does not have an assigned water allocation for your parcel of 1.97 acres. The District will not be able to serve secondary water for outdoor use due to the following:

1. There is no water allocation assigned to this parcel.
2. The District does not have additional water for sale in this location.
3. The infrastructure service adjacent parcels is a private system that the District does not own or maintain.

If you have any questions, please contact Shane McFarland of our office.

Sincerely,
