**Subject:** RE: Two proposed lots on Parcel 07-100-0037

Aspen,

New connections are a 1-inch tap and service. Meter size will be determined by fixture count from plans. The initial 'culinary water service is available' was added on Frontier, dated Nov/2023. Once impact and connection fees are paid, the contractor may connect to the district's main. Contact the district before connecting to the main so the connection can be inspected.

If you have any other questions, please feel free to contact the office.
