Re: Jacquelyn Estates, Phase 1
4900 W 2200 S (approx.)
Taylor, Utah 84401

To whom it may concern:

The above mentioned subdivision has sufficient shares of Hooper Irrigation "A" Stock to connect to the Pressurized Secondary System which is available at this location. The requirement for connecting to Secondary Water is a 1/2 share per lot and a connection fee of \$3,000 per lot. As well as having sufficient shares for each lot, there are also sufficient "A" stock shares to sell 3-4 shares which would cover the cost of the connection fee. Currently, Hooper Irrigation Company can and will serve Phase 1 of this subdivision with Pressurized Secondary Water.

If you have any further questions please call the Company Office at (801)985-8429.

Sincerely,

Michelle Pinkston
Office Manager
